To stay alive, don't drink and drive!  
That was the conclusion of the National Safety Council after its figures for 1950 showed that in one out of every five fatal traffic accidents the driver or pedestrian had been drinking.  
The 1951 edition of the Council's statistical yearbook, "Accident Facts," states that 17 per cent of the drivers involved in fatal accidents and 22 per cent of the adult pedestrians killed in motor vehicle accidents had been drinking.

**Plenty Of Tickets For "Lost Colony"**  
Despite heavy advance sales for August performances of The Lost Colony, there are plenty of reserved seats and general admission tickets available for the drama during the remaining nights of its current and 11th season, according to William Hardy, general manager of the show which has lived longer than any other outdoor production in America.  
"There have been reports of rumors that no tickets were available unless ordered well in advance," said Hardy, adding, "This is untrue. There are plenty of seats available for The Lost Colony. Waterside Theatre can easily accommodate 3,000 persons in comfort and within view of every scene presented on the multi-level 180-foot of staging."

A genuine publicity hound cannot understand why some people cling to the old-fashioned idea that they do not desire publicity.

**KEEP STOCK FENCED IN**  
Use The Famous No. 106 MAXI-SHOK Fencer  
No "strays," no damaged crops, sagging fences. Let the MAXI-SHOK NO. 106 reduce your fencing costs, keep stock where they belong. NO. 106 has that extra wallop for effective high-voltage shock during the dry season. Rubber boots are no protection if the fence you touch is electrified with International NO. 106. Controller has High and Low for varying output to fit conditions.  
**Holds Them All — Sheep, Hogs, Goats, Cattle, Mules, Horses**  
MAXI-SHOK NO. 106 makes your stock back up and respect your fence. An electric fence that can't hold in all your stock costs you time and money. Don't gamble! Pick the International MAXI-SHOK NO. 106 FENCER!

**Easier Maintenance**  
one more reason why John Deere is first choice of the tractor-wise!  
You'll never know how much easier it is to keep a John Deere Tractor in top condition until you own one.  
Adjustments are fewer; parts are more accessible; maintenance is far easier . . . far more economical. Much of the servicing can be done right on the farm without outside help. The clutch, for example, can be adjusted in five minutes or less; clutch facings replaced in less than fifteen minutes. Brake, steering, and other adjustments are quickly and easily made.  
This easier, more economical maintenance is due to the greater simplicity and easier accessibility of John Deere 2-Cylinder Tractors.  
You'll find maintaining a John Deere Tractor over the years is easier and costs less than any other tractor on today's market. See us for complete details.  
In addition, John Deere Tractors offer:  
OUTSTANDING ECONOMY  
GREATER DURABILITY  
LONGER LIFE  
GREATER COMFORT  
OUTSTANDING QUALITY  
EASIER HANDLING
