Advertising rates furnished by request.

FRIDAY, AUGUST 17, 1951.

**Opportunity For Young Men**

A referee in a judicial proceeding is one who hears a case, considers the evidence and the argument of attorneys and then makes a decision.

The pay of referees is not high, as a rule, but, in a recent case in the State of New York, a referee was awarded a \$175,000 fee.

The railroad, involved in a tax case, which will have to pay a \$12,000,000 sum to New York City, considers that the fee was "arbitrary and entirely exorbitant." We do not know how long the referee had to work in connection with the case he decided, but if the fee is upheld, there seems to be an opening for ambitious young men who want to make money. They should be referees.

**Talk Doesn't Reduce Taxes**

Nearly every time an appropriation bill comes before either House of Congress there are reports of "economies" effected by lopping off millions of dollars and this process is being applied to the military budget but nobody should take it for granted that any money is being saved.

Sometimes the maneuver is nothing more than the postponement of obligations that must be paid for later in the year. At other times it is nothing more than an opportunity for the alleged economists to point to the record but taxpayers will not overlook the fact that, despite all the yelling for economy, the government take of the individual's income continues to get higher and higher.

There is no excuse for waste in connection with our preparations for defense but the net saving, if any, is chicken feed compared to the pork barrel legislation that Congress passes for the benefit of local districts. If Congress is in earnest about economy it will move to abolish some of the agencies and commissions that Congress has created and, maybe, cut down some of the expense money of the legislative branch of the government.

**The Scandal At West Point**

The Cadet Corps of the U. S. Military Academy was stunned and the nation, as a whole, amazed at the dismissal of ninety cadets for violating the honor code and cheating during examinations.

There is, naturally, a sincere regret over the fate which has befallen these young men. That there may be others equally involved, who have not been apprehended, does not exonerate the cadets who are admittedly guilty. Cadet officials, untouched by the investigation, generally had little sympathy for the guilty men, asserting that the honor code must be maintained, as it has for more than a century.

In a statement announcing that action against the cadets had been taken with the deepest regret and that it was "stern and uncompromising," Major-General Frederick A. Irving, Superintendent of the Academy, said there could be "no compromise solution that would preserve the vital honor system of West Point which is the very heart of the Academy."

The General makes the point that "from the day a cadet enters West Point, the ideals which are exemplified in the honor code are impressed on him in all of his activities. The ethics of honor are above and apart from regulations . . . (They) are the foundation of the integrity demanded of an officer" who must maintain "the highest standards, not only of courage but of integrity" if he is to "retain the faith of parents, whose sons the officers of the Army must lead in battle."

**Classified and Legals**

**PIANO BARGAIN — BEAUTIFUL** 88 note Spinnet Piano. Case in like-new condition. Mahogany. **NOTES ON SOIL CONSERVATION**

Talmadge Lewis, who operates the W. W. Lewis farm in the Lake Section of Perquimans County, stated that he has the best crop that there has been on this farm since 1936. Mr. Lewis says that the good weather that we have had this season has been the main reason for a good crop but that his ditching has helped some. He had a land ditch and several tap ditches cut with a dragline last summer.

**TAYLOR THEATRE**

Rita Hayworth and Glenn Ford in "Gilda"

**Kidney Slow-Down May Bring Restless Nights**

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Misses bladder irritation due to cold, dampness or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. While often otherwise caused, it's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filter fresh out waste. Get Doan's Pills today!

**DOAN'S PILLS**

Without these ditches Mr. Lewis said that it would be a risk to pay for seed and fertilizer on some of his fields that had been idle for several years due to poor drainage. If a big rain comes now there is a way for the water to get off.

Farmers who plan to seed permanent pastures this fall should have the soil analyzed real soon to determine the lime and fertilizer needed.

It is important that soil be well nourished for it takes as much work to plan, seed or plant and otherwise handle an acre of small yield as it does an acre yielding well. The land tax is the same also.

The business of government is to take care of its people and to protect only the interests of its citizens. It is not designed for charity or reform.

**WARD OF THANKS**

I wish to thank my friends and neighbors for the many cards and flowers sent me and for visits made while I was a patient in Chowan Hospital.

MRS. JESSIE CROSSLAND

**LOW-BUDGET WARDROBE FOR SCHOOL DEPARTMENT**
