

Bag Limits Given By Game Protector As Season Opens

With the opening of the hunting season on deer, squirrel, bear, raccoon and opossum last Monday, October 15, local hunters took to the woods in search of their share of the game. A better hunting season is anticipated this year as reports point to more game than in several years.

Seasons and bag limits on various species of game were announced this week by Hugh Robertson, Perquimans County Game Protector, who urged all sportsmen to use caution with firearms and to observe all game laws.

Bear: Open season, October 15 to January 1; bag limits: daily, 2; possession, 2; season, none.

Deer: Only male deer with visible antlers may be taken; open season, October 15 to January 1; bag limits: daily, 1; possession, 1; season, 2.

Raccoon and opossum (with dog and gun only): Open season, October 15 to February 15; no bag limits.

Squirrel: Open season, October 15 to January 1; bag limits: daily, 8; possession, 16; season, 100.

Defense Bond Sales Reach Halfway Mark

According to an announcement today by R. M. Riddick, Jr., County Chairman of the U. S. Savings Bonds Committee, sales of U. S. Defense Bonds in Perquimans County at the halfway period of the current 10-week Defense Bond Drive total \$5,887.50. The sales represent 46.2 per cent of the county's \$12,000.00 quota in Series E, F and G Bonds. The drive began September 3 and continues through November 13.

In urging additional Defense Bond purchases by citizens of the county, Mr. Riddick said: "All of us must recognize, that the dollars we save today are building power for the nation—not only economic power to back up our great defense effort, but a reservoir of purchasing power for the future stability and prosperity of our nation when the present emergency is over."

People who worry about the end of the world won't be around when it occurs.
