

**Every Day Is Time For Courtesy**  
There should be no such things as "company" manners. Good manners are based almost entirely on kindness and consideration for others. Knowing all the rules of etiquette will be of little value if our courtesy is not based on genuine concern for others.

**Live With Beauty Every Day**  
We should live with as much beauty as we can every single day. Do not save your nicest linen, your silver and prettiest china for only the future special occasions which come seldom or not at all. Children adore it when the nice dishes are used. They will unconsciously respond with better behavior.

One of the most precious heritages we can be sure of passing on are lovely memories. Wise is the mother who makes special occasions of birthdays, holidays, etc., and makes these festive family occasions.

**Moth Control**  
It's none too early to start on moth control! A thorough spraying job can be done in a few minutes, and it's an easy method of discouraging moths from attacking clothing, bedding, draperies, upholstered furniture, and rugs.

Spray only aired, brushed and cleaned articles.  
Wash blankets or have them dry-cleaned before you mothproof them.  
Spray woolen garments only if they are clean.  
Store garments in closets that have also been cleaned and sprayed.

**REPORT to the PEOPLE**  
by Willie Smith

Last week was a busy one for our office. We had an unusually large number of visitors. We were able to hear reports from every section of the State.

Last Monday, 13 Negro citizens from North Carolina called on me. They were in Washington to attend a meeting of the National Association for the Advancement of Colored People.

The group from North Carolina was very courteous. Mainly they came to obtain answers from me to four questions. I was not able to give them the answers they wanted and neither was Senator Hoey.

The NAACP wants the Congress to enact federal laws against lynching and the poll tax. The organization also wants FEPC approved. The other question was related to filibuster; the NAACP wants to eliminate the possibility of filibuster.

I would not support a federal law against lynching unless the Northerners were willing to include their gangster killings. I take the position that lynching is murder, and that every state has a law against murder. It should of course be enforced by the states. Adding another law would not do any material good.

As for FEPC, my views are pretty well known. I do not think any business ought to have to tolerate some

native of North Carolina and the Senator from North Carolina is a native of Virginia.

**Newsletter Issued For Center Hill**

Center Hill is showing considerable enthusiasm in their community development program. In order to keep the people in the community informed the steering committee decided to issue a community newsletter periodically. The first newsletter was issued last week and a copy delivered to each home by one of the Boy Scouts or a member of the 4-H Club. The newsletter is named "CHP," which stands

for Center Hill Improvement Program. This newsletter was prepared by Mrs. Cameron Boyce, reporter, and Mrs. H. T. Hollowell, secretary, assisted by the Rev. R. M. Gradeless. The first issue listed many of the needs of the community and committees selected to work on these needs. The farm and home agents spent some time assisting these leaders with planning and taking pictures of the community at present. One of the next steps planned is to prepare a community map on which the homes will be spotted and a complete list of the people living in the communities prepared. Plans are to establish community signs on each of the roads at the community boundary.

Music is the only language in which you cannot say a mean or sarcastic thing.

In matters of conscience first thoughts are best; in matters of prudence last thoughts are best.

**BURGESS CLUB MEETS**  
The Burgess Home Demonstration Club held its joint meeting at the Bethel Community House where the members and their husbands enjoyed a turkey supper on Monday night. Mrs. Nina B. White gave a very interesting demonstration on "Planning For Better Family Living."

A short social hour was enjoyed with group singing, games and contests, with Mrs. Winston Lane, Mrs. Howard Mathews and Sidney Layden winning prizes.

Special music was rendered by Mrs. Howard Mathews, Mrs. Winston Lane, Mrs. Sidney Layden, Sr., and Mrs. Irvin Whidbee.

**CARD OF THANKS**  
I would like to take this opportunity of expressing my sincere thanks and appreciation to my many friends for the lovely cards, gifts and flowers sent me while I was a patient in the Albemarle Hospital. Every kindness shown me will always be remembered.
