The Red Cross

Once again, this year the Red Cross is asking you for funds, blood and, in some cases for your time in the work of solicitation. The President has appealed to the nation to raise a minimum of \$85,000,000, which would enable the Red Cross to meet its "unprecedented peacetime demands."

The Red Cross is directly responsible for the saving of many lives in Korea through its liberal donations of blood plasma which were, in some cases, obtained in annual drives such as the March drive now approaching. Although the supply of plasma has dwindled to a dangerously low point at times, the Red Cross and other sources have managed to keep a sufficient supply on hand to meet emergency demands in Korea.

To meet such emergency commitments and to be able to respond immediately to disasters such as the great flood in the Midwest last year, the Red Cross needs funds and appeals to you for a generous donation. The organization spent \$14,000,000 of its funds in the flood last year and without generous contributions from all sections of the country, emergency aid, which is so welcome and helpful in times of disasters, could not be extended.

The Perquimans Weekly endorses the Red Cross drive this year and asks its readers to meet the needs of 1952 with a generous response. Your contribution or your blood donation might one day save a life which might otherwise be lost.

Businessmen of the Future

Two young men, Tommy and George Thompson, of Greenwich, Conn., have learned the lesson of what it takes to be a successful businessman in America. Though only 12 and 9 years old, the Thompson brothers run a service company which netted \$750 last year.

Incidentally, the boys have an office in their bedroom. Their father, a penny-a-year-man, is the treasurer, and their mother is the secretary with a salary of 20 cents a week.

The President and Vice-President, Tommy and George, run all the errands themselves. They buy sit, walk dogs, mail letters, shine shoes, sell greeting cards, and wreaths, wash cars, shovel snow, and run various other kinds of errands.

These two young men are getting an education in getting ahead in the business world. Their success indicates they have already learned there is no substitute for hard work and that the American public wants courteous service.

There are young men in Perquimans County who could be classed as young businessmen. And, while we are not advocating the repeal of child labor laws, a reasonable amount of work while young people are in school will contribute substantially to their education and to their future adjustment to the realities of their environment.

To Prevent Skidding

A California inventor has announced that he has perfected a device which will prevent automobiles from skidding to the side and also cut down on slipping of the wheels. The inventor's device fastens onto the rear axle of the average American automobile.

The principle upon which the attachment operates is one of countering the normal swerving momentum of an automobile by a gyroscopic action in the tube-like attachment under the rear axle.

World War II fighter pilots also used a gyroscopic device to counter the sideward and vertical momentum of their aircraft in computing gun-sighting. This gyroscopic sight is credited with giving American fighter pilots the best gunnery records in the closing days of World War II. An improved gyroscopic sight is credited with giving American fighter pilots in Korea a victory ratio over the Communist jet pilots there.

If the new device for automobiles proves workable, and is adopted by some of the leading manufacturing companies, it will prove a major scientific advance in the automobile industry. If successful, the invention will cut down on the number of accidents caused by skidding, wet pavement and tire blow-outs. Whether or not the inventor has the answer to this danger, such a device is sure to

eventually be designed, and installed, on American automobiles.

LEGAL NOTICES

NOTICE

By virtue of authority conferred upon me by a certain Deed of Trust executed by D. D. Jacobs, Ludy W. Jacobs, Ellen Jacobs, Cora L. Jacobs, Leonard Bass, Rachel C. J. Bass, R. C. Jacobs, Addie M. Jacobs, Vina L. J. Medley, Ella M. Jacobs, Laura A. Jacobs, James H. Jacobs, Watson Jacobs and Jesse Jacobs and dated April 25, 1927, and duly recorded in the Registry of Perquimans County in Mortgage Book No. 16, page 307, default having been made in the payment of the note thereby secured, I shall offer for sale for cash at public auction to the highest bidder at the Court House door in said County at 12 o'clock M., on the 24th day of March, 1952, the property conveyed to me in said Deed of Trust described as follows:

 (Small text below: DOAN'S PILLS FOR KIDNEY AND URINARY TRACT DISEASES)

KIDNEYS MUST REMOVE EXCESS WASTE

When kidney function slows down, many folks complain of nagging headaches, loss of pep and energy, lassitude and drowsiness. Don't suffer longer with these discomforts if you find kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold, dampness or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. While other remedies cause, it's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

SINCLAIR SCOOPS 'EM ALL WITH THE BIGGEST GASOLINE NEWS IN YEARS

Miracle ANTI-RUST Chemical Blended Into Power-Packed Sinclair Gasolines

Today ordinary gasoline has become old-fashioned. Today, your Sinclair Dealer offers you **POWER-PACKED** Gasolines with an amazing **EXTRA VALUE**—a new chemical ingredient that solves the problem of rust and corrosion in your gasoline tank and fuel system. It's **RD-119**, a product of Sinclair Research.

When fuel is replaced by condensation in every car's gasoline tank—causes rust and corrosion throughout whole fuel system when you use ordinary gasoline.

RD-119 Stops Damaging Rust and Corrosion in Your Gasoline Tank and Fuel System

Replenished container jet, showing how speck of rust can clog passage. Rustage so severely weakens fuel system.

RD-119 coats the inside of your gasoline tank and fuel system with an invisible, water-proof film. It stops rust and corrosion that damage your gasoline tank, fuel pump carburetor—clog strainers and carburetor jets—cost you money in wasted gasoline and repairs.

Get **POWER-PACKED** Performance **PLUS ANTI-RUST** Protection at no extra cost. Use new Anti-Rust Sinclair H-Coat Sinclair Ethyl Gasoline regularly.
