FORD WINS AGAIN!

TAKES FIRST PLACE IN CLASS "A"

IN THE 1952

Mobilgas Economy Run

Ford's the Class "A" Winner for 3rd Consecutive Year!

New Ford Mileage Maker SIX Thriftiest in its Field!

Again this year . . . as in the past two years . . . Ford was first in gas economy over all other cars in its price class in the Mobilgas Economy Run. In this toughest test, a stock model Ford Six equipped with Overdrive (optional at extra cost) averaged 53.855 ton-miles per gallon and 25.463 actual miles per gallon.

This was a very special triumph for Ford's All-New Mileage Maker high-compression Six. For now, with its new design providing 101-horsepower and free-turning overhead valves, Ford is definitely pound-for-pound the most economical low-priced car to run! Yes . . . Ford's thrift was clearly proved by the 1,415-mile grind from Los Angeles to Sun Valley. And a very important factor contributing to this victory is Ford's Automatic Power Flit which squeezes the last ounce of power out of every drop of gas.

*The AAA Contest Board determines the winner by a "ton-miles per gallon" formula. In some equal classes for all cars in each class regardless of size and weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by number of miles traveled, divided by number of gallons consumed.

"Test Drive" the Economy Winner Today!

For Economy plus Quality . . . Choose the '52 Ford!
