**THE GREAT NEW Westinghouse FROST-FREE**

Model DFC-30

NO DEFROSTING... Anywhere! Any Time!

See the only refrigerator that COUNTS—Westinghouse FROST-FREE. It counts door openings, because door openings let in warm air which causes frost to form. At every 60th door opening, FROST-FREE automatically defrosts itself, automatically evaporates the water! Westinghouse FROST-FREE is the only home-proved completely automatic refrigerator... the only one that defrosts exactly when and only when defrosting is needed. See it and other Westinghouse Refrigerators today.
