### KIDNEYS MUST REMOVE EXCESS WASTE

When kidney function slows down, many folk complain of nagging backache, loss of pep and energy, headaches and dizziness. Don't suffer longer with these discomforts! If reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold, minor bladder irritations due to cold, dampness or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. While often otherwise caused, it's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!
