**Fact No. 1**

Model for model—costs less  
Stack up a Chevrolet truck against any other truck with comparable specifications, capable of handling the same payloads. You'll find the Chevrolet truck lists for less and brings you great features.

**Fact No. 2**

Mile after mile at rock bottom cost  
Truck users everywhere have proved that Chevrolet costs the least of all to own and maintain. Valve-in-Head economy, in the Loadmaster or Thriftmaster engines, saves on gas.

**Fact No. 3**

Right truck for the job saves money  
Chevrolet trucks are factory-matched to your payload requirements. You don't waste money by buying "too much truck"—you don't risk work interruption by buying "too little truck."

**Fact No. 4**

Lower, slower depreciation  
Records show that Chevrolet trucks traditionally bring more at resale than any other make which costs about the same new. The market value of Chevrolet trucks stays up because the value stays in.
