

Wright Brothers Museum Planned At Kill Devil Hill

A \$1,000,000 Wright Brothers Memorial Museum is going to be erected at the birthplace of aviation near Kill Devil Hill on North Carolina's Outer Banks. Sponsors are aiming at completion of the project by December 17, 1953, the 50th anniversary of the historic flight by Wilbur and Orville Wright.

The museum will house scale models of gliders and other aircraft built by the Wrights, and the workshop and hangar they used will be reconstructed. Plans also call for a landing field for light planes.

Plans for the project were drafted at Raleigh at the organizational meeting of the Wright Memorial Committee of the Kill Devil Hills Memorial Society with the honorary chairman, Gov. W. Kerr Scott. Brig. Gen. Frank P. Lehr of Mansfield, Ohio, is president of the society, and Miles Clark of Elizabeth City, is chairman of the board.

Governor Scott appointed a committee headed by David Stick of Kill Devil Hills to make arrangements for financing the museum. Funds would be raised by the aviation industry and

from private contributors, with the National Park Service cooperating in the construction and maintenance of the building.

Committee members include Adm. Dewitt C. Ramsey, president of Aircraft Industries Association, Washington, D. C.; Paul Edward Garber, curator of the National Air Museum, Washington; Merrill C. Meigs, vice president of Hearst Corp., Chicago; F. H. Davis, president of Piedmont Airlines, Winston-Salem, N. C.; Fred C. Kelly of Kensington, Md., official biographer of the Wright brothers; Ronald F. Lee, assistant director of the National Park Service, Washington; Ralph Whitener, organizational director of the Air Force Association, Washington; Dr. C. C. Crittenden, director of the North Carolina Department of Archives and History, Raleigh; and D. Victor Meekins of Manteo.

HOLDS PICNIC

A Father's Day picnic was enjoyed at Nags Head and Oregon Inlet Coast Guard Station Sunday by Mr. and Mrs. Joe B. Perry, Sr., their children, Mr. and Mrs. Vernon L. Perry, Mr. and Mrs. Elwood Perry, Mr. and Mrs. Joe B. Perry, Jr., four grand children, Verna, Wayne, Pamela and Jo Francis. The family group was entertained at Oregon Inlet Coast Guard Station during the afternoon by Chief Otis L. Willis, brother-in-law of Mrs. Elwood and Vernon L. Perry.

Summer Schedules For Eastern Ferries

The State Highway Commission announced today its summer operating schedules for the Manna Harbor, Roanoke Island, Alligator River and Oregon Inlet ferries.

The schedules became effective June 10 and will continue through September 10. Stepped-up service offered this summer is a result of record-breaking tourist traffic last year.

Under the new schedules the Governor Scott and the Governor Cherry, which travel the Croatan Sound between Manna Harbor and Roanoke Island on US 64 and 264, will make 15 round trips daily from 7:00 A. M. to midnight. This is one additional trip over last summer's service. The gross load limit for one vehicle or combination of vehicles will be 15 tons.

The schedule for Croatan Sound Ferry, between Manna Harbor and Roanoke Island, U. S. Routes 64 and 264 is as follows:

Leave Manna Harbor 7, 8:15, 9, 10:15 and 11 A. M., and 12:15, 1, 2:15, 3, 4:15, 5, 6:30, 7:30, 8:30 and 12 midnight.

Leave Roanoke Island 7, 8:15, 9, 10:15 and 11 A. M., and 12:15, 1, 2:15, 3, 4:15, 5, 6:30, 7, 8 and 11:30 P. M., nightly except Monday.

The Alligator River Ferry, between Sandy Point in Tyrrell County and East Lake in Dare County, U. S. Route 64, follows:

Leave East Lake 6:30, 7:45, 9:15 and 10:45 A. M., and 12:15, 1:15, 3:15, 4:15 and 6:15 P. M.

Leave Tyrrell County 7, 8:30, 10 and 11:30 A. M., and 1, 2:30, 4, 5:30 and 7 P. M.

The schedule for Oregon Inlet Ferry between Nags Head and Hatteras follows:

Leave North shore 7, 9, 10 and 11 A. M., and 1, 2, 3, 4, 5 and 6 P. M. Leave South shore 7:30, 9:30, 10:30 and 11:30 A. M., and 1:30, 2:30, 3:30, 4:30, 5:30 and 6:30 P. M.

THE CHRYSLER NEW YORKER CONVERTIBLE
(This body style also available in Windsor DeLuxe with Spitfire Engine.)
White side-wall tires at extra cost.

ITS ENGINE ADDS MUSCLE TO EVERY DROP OF GAS!

To many owners, the mighty 180 H.P. V-8 engine that powers the Chrysler New Yorker is the most remarkable feature of this remarkable car. It is certainly the most discussed automobile engine in many, many years.

This is the engine with hemispherical combustion chambers... the engine that gets more power out of every drop of gas. And non-premium gas at that!

Actually, it puts you in control of more power than you'll probably ever need use. You'll sense this... together with its unequalled response... the very first yards you drive. It runs smoother, more

quietly, and with less wear than any other engine ever built into an American automobile.

...and it makes driving (both cruising and the short runs) more fun than you have ever known it to be!

But that's not all. Along with this engine there are scores of other reasons, too, for driving a New Yorker before resolving on any new car. Like Full-time Power Steering that makes steering five times easier... and your control five times greater... than in ordinary cars. Like Power Brakes that cut needed pedal pressure by as much as two-thirds.

Like Oriflow shock absorbers that make even bad roads feel "newly paved"... restful chair-high seats... big, wide-opening doors... big windows that let you see more.

It's true... until you drive a Chrysler New Yorker you won't know what you're missing. Why not stop in today?
