

McMillen To Speak At Farm-Home Week

One of the featured speakers at this year's Farm and Home Week at State College, August 18-21, will be Wheeler McMillen, editor-in-chief of Farm Journal and also the news magazine Pathfinder.

McMillen will speak Tuesday evening, August 19, on a program sponsored by the Rural Church Institute. His subject will be "The Rural Church and Community Life." Special music will be furnished by the choir of the Beech Grove Methodist Church of Craven County.

Long a prominent agricultural editor, McMillen is also well and widely known as a public speaker and his speeches have been widely reprinted. As an editor, his columns in the Farm Journal reach more than 2,860,000 farm families, and those in Pathfinder more than 1,200,000.

Long interested in finding new industrial uses for farm products, McMillen was a prime founder of the National Chemurgic Council, of which he has been president since 1937. "New riches from the soil," his fourth book, has lately sold out several editions.

He is a member of the national executive board of the Boy Scouts of America and chairman of the national committee on rural Scouting. For service to American boyhood he has received the highest awards of both the Boy Scouts and the Future Farmers of America. McMillen is a trustee of Rutgers, the State University of New Jersey, a director of the New Jersey State Chamber of Commerce, and of the New Jersey Bell Telephone Company. He maintains offices in

Philadelphia and Washington and lives near Hopewell, New Jersey.

Two Ocean Ports In N. C. To Be Dedicated

Two new ocean shipping ports are to be formally dedicated in North Carolina this year—one at Morehead City on August 14, and the other at Wilmington on September 16. They represent an investment by the State of \$7,500,000.

Operated by the North Carolina Ports Authority, the two ports will provide industry in North Carolina as well as other nearby states with cheaper freight rates to domestic and foreign ports. Both Wilmington and Morehead City have long been used as ports of a sort, but up until now they lacked ocean shipping facilities on the scale now being completed.

North Carolina's Governor W. Kerr Scott, who spearheaded the movement in the State's General Assembly in early 1949 for expenditure of \$7,500,000 in State funds to develop the State's two principal seaports, will head a delegation of dignitaries, including members of Congress, to each of the dedications.

Many North Carolinians have dreamed for more than 100 years of developing adequate port terminal facilities in the Tarheel State, but no money was ever set aside in any appreciable sum until the 1949 General Assembly voted without dissent among its 170 members to spend \$7,500,000 for development of the two seaports.

CHAPPELL HILL WINS TWO

The Chappell Hill baseball team added two more victories to its season total last week-end, defeating Newland 8-4 on Saturday and 17-3 on Sunday. Bobby Chappell and Ted Chappell did the pitching for Chappell Hill while Arnold Chappell was the catcher. The team plays South Mills next Sunday.

IN MEMORIAM
In sad and loving memory of our husband and father, Thomas D. Ward, who left us three years ago today, August 4, 1952.
Day and night we watched him fade and slowly sink away, though in our hearts we prayed that he might longer stay.

We'll no more hear his footsteps Nor meet him at the door, For he has gone away and left us To return no more.

Why he was taken from us We cannot understand, But God needed a shining angel To complete His holy land.

A wonderful husband, father and aid One who was better was never made, A wonderful worker, so loyal and true One in a million—that dear, was you. HIS WIFE AND CHILDREN.

VITAMINS FROM VEGETABLES

Leafy-green, and yellow vegetables are rich in vitamin A value, especially the dark green leafy kind and carrots. These vegetables provide worthwhile calcium; cabbage, broccoli, while amounts of riboflavin, iron, and Brussels sprouts give vitamin C. Citrus fruits, and tomatoes are excellent sources of vitamin C. Cabbage, salad greens, green peppers, turnips, strawberries, pineapple and cantaloupe are also good sources if eaten raw. If cooked briefly in a very little water, cabbage, broccoli, Brussels

sprouts, and greens are good sources of vitamin C.

Potatoes and sweet potatoes contain a number of nutrients. Because of the quantities in which they are eaten, white potatoes can become quite important as a source of vitamin C. Sweet potatoes are valuable for vitamin A in addition to vitamin C.

Other vegetables and fruits, high in vitamins and minerals, which help toward a good diet are beets, cauliflower, corn, cucumbers, onions, turnips, white cabbage, apples, peaches, berries, rhubarb.

FHA Loans Available For Better Farming

Amount Depends Upon Needs For Planned Operations

Operating loans are made by the Farmers Home Administration to help eligible operators of family-type farms get ahead through better farming.

These loans are based on farm and home plans developed with each individual family to provide for the best use of land, labor, livestock and equipment.

To be eligible for an operating loan an applicant must be a citizen of the United States, have had satisfactory farm experience or training, and cannot obtain needed credit from any other established source in the community at reasonable rates and terms and if the major portion of income will be derived from farming and the major part of time will be spent in carrying on farming operations; and one owns or can rent on reasonable terms a family-type farm suitable for the training operations planned to carry on.

"Loan funds may be used to enable you and your family to carry out planned farm and home operations," says E. F. Morgan, County Supervisor. "When necessary loan funds may be used to purchase farm and home equipment, livestock, feed, seed, lime and fertilizer; to pay family living expenses, including medical care; and to pay other necessary farm and home operating expenses. Loan funds may also be used to enable you to join with two or more other farmers to buy or obtain the use of such items as high-grade sires or heavy equipment which you could not afford to own for individual use.

"The amount of your loan will depend upon your needs as determined by your plan of operation. However, the most that you can borrow at any one time is \$7,000.00 and your total outstanding credit debt for operating loans cannot exceed \$10,000.00. The interest is 5 per cent per year on the unpaid balance. Loan funds advanced to meet operating expenses during a crop year will be repaid when that year's income is received, however, loan funds advanced for such things as the purchase of dairy cows, and other breeding animals, as well as farm equipment, and to carry on basic soil building and conservation practices will be repaid as rapidly as possible but in no case may the loan run for more than 7 years.

"Loans are made with the expectation that you will be able to repay them."

Do You Remember?

BY J. P. PERRY
When W. R. Shannonhouse kept store in an old frame building with a front porch, on the site where J. Broughton & Bros. brick store now stands. And Mr. Shannonhouse would tell Mr. Babb, who clerked for him, to give his customer, Mr. Brown, a stick of candy or a ginger snap, as Mr. Brown was a mighty fine man.

When J. R. Jackson ran a store on the site where the bank is now located.

When C. W. Morgan ran the "fanciest" store in town, and carried a lot of 10 cent glassware, and also dry goods, notions and groceries. George Burgess was his clerk.

When Daugherty and McMullan kept store in a frame building on the site where J. C. Blanchard and Co.'s store is now situated.

When the first drug store in Hertford was opened where the State Theatre is now located.

When Dr. Nowitzky came to Hertford on court days and stood on a stack of dry goods boxes and sold patent medicines and performed sleight of hand tricks, entertained the crowd with "Snow Ball," the Charlie McCarthy of his day, lots of fun.

Who was the author of the wording on the Confederate Monument, and when.

When H. & A. Macht ran a gents furnishing store where the Hertford Hardware Co. is now located.

BIRTH ANNOUNCEMENT

Mr. and Mrs. W. T. Egan of Smithfield, N. C., announce the birth of a son, John Lane, born Wednesday, July 28, at Carolina General Hospital, Wilson, N. C.

Mr. Egan is the former Miss Martin.
