

Payments In Life Insurance Boosted

North Carolina families received \$15,209,000 in life insurance death benefits in the first half of this year, compared with \$12,765,000 in the corresponding period of last year, it is reported by the Institute of Life Insurance. This year's payments are 127 per cent greater than those in the corresponding period ten years ago, when the sixth-month total was \$6,588,000.

The number of policies paid off because of death in the first six months of 1952 was 14,386, which compared with 13,374 in the first half of 1951 and 8,736 in the first half of 1942.

Of the aggregate payments in this state \$10,347,000 was under 3,752 ordinary policies; \$2,279,000 was under 1,380 group life insurance policies; and \$2,583,000 was under 9,254 industrial or weekly premium policies.

For the nation as a whole, \$921,804,000 was paid as death claims under 778,272 policies in the first half of 1952, compared with \$877,319,000 under 765,289 policies in the corresponding period of last year and \$502,723,000 under 567,235 policies in the first six months of 1942. Of this year's payments \$606,124,000 was under 226,833 ordinary policies; \$190,459,000 was under 88,524 group policies; and \$125,221,000 was under 462,915 industrial policies.

Total payments to American families by their life insurance companies were \$2,106,361,000 in the first six months of this year, \$860,692,000 more than similar payments in the first half of 1942.
