Appeal To Assist Handicapped Persons

Employ the Physically Handicapped Week is being observed throughout the nation. Physically handicapped persons have proven over and over again their ability to do a multitude of jobs required in industry and commerce as efficiently and effectively as physically whole persons. When given an opportunity, they have proven themselves thoroughly able to provide for themselves and families and have become tax payers rather than tax receivers.

These employers who use physically handicapped, trained by the various State agencies for their jobs, find that they make equal profits from the services of these people as they do from any others.

Good economics as well as humanitarianism commend the physically handicapped to the employers of our nation.

Our physically handicapped of Perquimans County desiring employment or training should contact Mrs. Corie B. White, manager of the Local Employment Security Commission of Edenton; or Howard Pitt, Clerk Superior Court, in Hertford.

Do You Remember?

BY J. P. PERRY

When Speight's Store was built on the corner of Church and Grubb Streets. They had an "ad" in the Eastern Courier, published in Hertford, read like this—"We Under Buy" because we can—we under sell because we will. Speight & Son—New Store, new goods, new prices. (about 1890).

When the water was so high in the river that it came in Mr. McMullan's warehouse at the "point" and ruined a big lot of salt that had been stored in the warehouse?

When there was a local play, a Mock Marriage, given here, and the young couple who played the part of "Man and Wife" were married, legally, a short while after? Who was the young man and the young lady? The man is still living.

When the late M. H. White had a horse and sales stables on the lot where Mrs. Glen Robertson's home now stands? Near the river, on Grubb Street.

When there was no parcel post delivery anywhere in the United States, and how the local merchants fought the idea and said it would give the mail order houses a big part of their business?
