

**Laundrying Rayon Prints**  
Some rayon prints are apt to run slightly if not laundered properly. To avoid this problem, home economists who have know-how and know-why say we must be quick and use hand laundry methods.

- (1) Also use water barely warm.
- (2) Wash garments as quickly as possible.
- (3) Rinse garments as quickly as possible.
- (4) Remove excess water as quickly as possible by rolling garments in as large or small a Turkish towel as necessary. Knock and press slightly, then unroll.

To be really expert and do this rayon print laundry job right, experts say to set up your ironing board and start heating to the proper temperature for the material before you start your laundry work.

**Take Care of Washing Machine**  
Never leave water of any kind in your washing machine. By all means flush out underneath the agitator. Wash thoroughly and dry every inch of your machine if you want to prolong the life and get the best operation.

**Wash Away Tattle Tails**  
Why our clothes have tattle tale blue look. It's nothing more than incorrect laundry methods that have failed to remove dirt. It could be soap scum left in garment or hard water that needs to be softened so that dirt will come out of clothing when correct laundry methods are used. Your laundry methods are important.

Read labels on all the newer washing powders and detergents that are on the market nowadays if you want to avoid having your laundry methods tell on you.

Nothing is more important in home laundering than rinsing. Soap suds must be out. Soap causes white garments to yellow as well as become dingy and gray.

Family Life Extension Specialist, Mrs. Corinne J. Grimsley of the State College Division of Home Demonstration Work, gives guide posts to child's behavior.

- Go Straight Ahead**
1. Always look for the cause back of the child's behavior.
  2. Be sure that the child has opportunities to succeed.

3. Be sure that the child has opportunities to feel important.
4. Over-look little irritating happenings. (Don't hear every bad word your child says or notice all of his grammatical mistakes.)
5. Parents must agree on methods of discipline. (Any difference should be settled away from the children.)
6. Place more emphasis on teaching children how to think rather than what to think.
7. Give praise when children earn it.
8. Give encouragement when children need it.
9. When possible, give reasons for restraints.
10. Give a child an opportunity to talk with you privately.

11. Give a child an opportunity to explain.
  12. Apologize when you have made a mistake.
  13. Show self-control when dealing with a child.
  14. Keep your voice calm.
  15. Get the child's attention before you give instructions.
- Go Slow — Danger Ahead**
1. Don't expect all children to behave the same way or develop character at the same speed.
  2. Never make promises which you do not expect to keep.
  3. Never bribe a child to behave.
  4. Never frighten a child to make him behave.
  5. Guard against being critical of what children tell you, or acting to

shocked at what they tell you.  
6. Don't jump at conclusions.  
7. Don't use words which antagonize like "hurry" or "I told you so."  
8. Never criticize a child in public.  
9. Don't punish a child for something he does today and overlook the same thing tomorrow.

**Not Like The Flood**  
An American died and went to Heaven, and promptly started to boast about his native land. "Do you know," he told a group of spirits, "that at Niagara Falls eight billion cubic feet of water flow over the cliffs every second."  
"Poof!" said Noah, scornfully, "Dew-drops!"

**CARD OF THANKS**  
I wish to express my sincere thanks to friends and neighbors for the many

cards, flowers and gifts sent me while I was a patient in the hospital and for all other acts of kindness tendered me during this time.

MRS. CECIL C. WINSLOW.

**CARD OF THANKS**

On behalf of the ways and means committee of the Parent-Teacher Association of the Perquimans County Central Grammar School, we wish to thank everyone, including individuals and business establishments of Perquimans and Pasquotank counties, who contributed to the success of the Halloween carnival of October 31.

MRS. FRANK BRAY and MRS. CLAUDE WILLIAMS  
Co-Chairman of Ways and Means Committee

**THANKS FOR YOUR SUGGESTIONS!**

Thank you for your wonderful response to our recent series of leaflets requesting suggestions about how we can better serve you in your Colonial Store. First of all, we want to bow low from the waist with a special thanks for the many nice things you said about us, for your high praise of Colonial Service. And second, thanks for your constructive suggestions on specific improvements we can make. We're trying to make Colonial Service better all the time, and your suggestions are a tremendous help in telling us HOW it can be done. Making your shopping a pleasure is our purpose, our job. We appreciate your suggestions . . . at any time.

*I hope you won't mind—*  
if I tell you what a wonderful thing you're doing and how proud it ought to make you feel, says *Leotta Young*

The wonderful thing I want to tell you about is something that you and I and millions of our friends and neighbors all over America are doing. Investing in U. S. Defense Bonds!

I think we ought to be proud that we're a part of the great team of Americans who now own more than 49 billion dollars worth of our country's interest-earning bonds. For this is the greatest success story of its kind in history!

A great success story proving that we Americans are determined to keep ourselves, our families, and our country strong and independent.

I hope you feel as proud of what we're doing as I do. And I hope you'll keep on investing in U. S. Defense Bonds regularly through the convenient Payroll Savings Plan where you work, or the Bond-A-Month Plan where you bank.

**Great News! New money-earning features for U. S. Defense Bonds!**

**FIRST**—Series E Bonds now begin earning interest after only 6 months. They earn 3% interest compounded semiannually when held to maturity. They reach full maturity value earlier (9 years 8 months) and the interest they pay is now bigger at the start.

**SECOND**—Every Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date—without your lifting a finger!

**THIRD**—During the 10-year extension period, every unexpired bond earns at the new interest rate (average 3% compounded semiannually).

**FOURTH**—If you want to be paid the interest your bonds are earning every six months, or if you want to invest more than the present \$10,000 limit for E Bonds, ask at your bank about the new Series H, J and K Defense Bonds that pay 2.76% interest!

Peace is for the strong. For peace and prosperity save with U. S. Defense Bonds!
