March Of Dimes Campaign To Close Saturday Jan. 31st

Complete Work And Make Reports

With only eight days remaining of the Perquimans County annual March of Dimes campaign, some excellent reports will be needed if the county is to reach its \$2,000 goal, set for the drive.

Mrs. John T. Biggers, chairman of the March of Dimes drive, reported Wednesday only a few solicitors have made full reports on canvassing, and it was impossible to estimate the progress of the drive from these reports.

She requested all division chairmen and solicitors to make a report complete as possible to George Fields, treasurer for the drive, by Saturday, January 24 and to make a final report to Mr. Fields by Saturday, January 31, the official closing date. The County committee desires to

bring the drive to an end on January 31, and forward a full report to national headquarters by that date, thus they request solicitors to complete their task by that date.

Individuals who have not been contacted by solicitors and who desire to contribute to this fund are asked to see their neighborhood solicitor or send the contribution direct to Mrs. Biggers.

Pointing out the great need for funds this year to replenish the polio foundation treasury, which has been dpleted due to serious epidemics in the nation during the past two years,

the local committee urges everybody to take part in the drive this year by contributing as generously as possible.

A great part of funds contributed here remains in the county to be used by the local committee for polio cases in this county. Fortunately Perquim-ans has had few cases but the committee stands ready to render assistance at all times and your contributions make this possible. If you have of

That usual last-minute rush is expected to develop for Perquimans County tax listers next week. With

Tax listers for the five townships of the county are passing out a word to the wise today, advising them to come in early and list before the rush begins.

A schedule, being observed by the tax listers, will be found on another page of this newspaper, and readers who have not yet listed their property may learn from this schedule where to locate his lister during the re maining days of the tax listing month.
