

Library News

The Perquimans County Library this week has added a number of new books for readers of all ages. For the adults new books are as follows: three biographies—Wilkie, Cyclone in Calico, and A Doctor's Pilgrimage; three volumes of poetry—Green Fingers and other poems, A Treasury of Great Poems, and Christ in Poetry. Other non-fiction—All in the Family—a study of child guidance and successful family life; Commercial Art—a complete guide to drawing, cartooning, illustrating, and painting, Tomorrow's House, and Your Income Tax; four new fiction—The Velvet Doublet, The Gallians, The Twin Cousins, and High Water at Catfish Bend.

For teen-agers new books are: Love Me Love Me Not, Joe Pole, American, The Black Stallions Filly, Where Away?, Summer for Two, Summer in Their Eyes, The Yellow Cat Mystery, The Brown Fox Mystery, The White Elephant Mystery.

For young people between ten and fourteen, the library offers a complete series of Landmark Books. These books written by well-known authors are planned to interest young people in the important events of our history from prehistoric times to today—from the Pony Express to the conquest of the North and South Poles—from Custer to Korea. There are thirty books in all. The newest received in the library are: The Louisiana Purchase, Clipper Ship Days, Trappers and Traders of the Far West, Betsy Ross and the Flag, Wild Bill Hickok Tames the West, Ben Franklin of Old Philadelphia, and Mr. Bell Invents the Telephone.

The library report for January shows 19 new borrowers registered, 56 new books added, circulation for the month, 2,595.

Big Mileage Of Roads Are Lined For Safety

The State Highway Commission last year painted 17,500 miles of highway centerlines, including the yellow barrier lines at potential danger points, it is reported by Traffic Engineer Robert A. Burch.

A total of 12,448 miles of white centerlines and 5,052 miles of yellow barrier lines, which serve as warning to motorists, were laid down in 1952. Burch emphasized that the mileage painted in the year does not mean that is the total miles of painted lines in existence on North Carolina highways. Many miles of roads painted in 1951 did not need repainting last year due to use of a superior paint in 1951. Roads not repainted in 1952 will require new centerlining this year, Burch explained.

He added: "The painting operation, as a result of the demands of the public, has increased each year and it appears will continue to increase until such time that a usable and satisfactory line is in existence on all major roads."

In 1950, his division painted 10,934

Housework Easy Without Nagging Backache

When kidney function slows down, many folks complain of nagging backache, loss of pep and energy, headaches and dizziness. Don't suffer longer with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold, dampness or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. While often otherwise caused, it's amazing how many times Doan's give happy relief from these discomforts—help the 45 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

DOAN'S PILLS

miles of centerlines, and it painted 16,079 miles in 1951.

Last year's record-breaking operations required use of 162,853 gallons of paint, of which 84,510 gallons went into white lines and 78,343 gallons into the yellow lines. Rate of paint application on the white lines averaged 6.8 gallons-per mile.

All of the paint was manufactured at Central Prison, and all of it was pre-mixed with reflectorized beads which give the centerlines greater visibility at night. Use of high-capacity painting machines enabled some of the work crews to paint in excess of 50 miles of centerline in a single day.

Workers On Farms Drop During 1952

A total of 8,338,000 people were working on farms in late November. This is a decrease of about 3 million from a month earlier, the Bureau of Agricultural Economics, USDA, has reported. It is almost 535,000 less than in November, 1951.

There were about 340,000 fewer family workers than a year ago, while

hired workers were about 195,000 less than a year earlier. The relatively sharp decline in both number of family workers and hired workers may be largely attributed to the favorable early fall weather which permitted harvestings to be completed at an early date, thus greatly reducing the labor needs by late November.

Notice

Effective Saturday, February 7, Jordan's Barber Shop will close on Saturdays at 9:30 P. M.
