## Library News

New books this week in the Perquimans County Library are as follows: Two biographies—Sir Francis Drake and Queen Victoria; one book on astronomy—From Atoms to Stars; two westerns—Ride To Blizzard, and Wolf Dog Town; two light romances—Wear My Love Proudly, and Wagon To a Star.

The library wishes to call the attention of the Home Demonstration Club women to the fact that the reading list for the clubs has been received in the library. Many of the books on the list are now in the library and a number of others have been ordered and will soon be available for readers. This list of ninety-seven books has been prepared as usual by the North Carolina Library Commission and

copies are sent to the Home Demonstration Agent for distribution among the club women. The County Library attempts to get most of the books on the list not only for the benefit of the club women but for the use of the general reading public also. A wide variety of good reading is thereby offered the people of the County. The club women are urged to participate in the reading program for the inspiration, education, and pleasure that it brings to individuals and families. Perquimans County in the past has been one of several counties whose club members were awarded an unusually large number of Book Review Certificates. The books may be obtained from the main library or from the bookmobile. The two librarians will attempt to serve any family who will notify them that they want bookmobile service.

There are no Clothes Dryers in Korea!

HASTILY strung telephone wires serve the additional purpose of supporting this American soldier's rudely washed clothes as they "freeze dry" on a snowy Korean hillside. It all looks like a rugged life, doesn't it? And soldiering is.

But it's something that some of us have to do to keep America militarily strong and safe. It's true, we don't all have to serve in uniform. But there is something important every one of us can do. That's to help keep our country economically secure—by investing in United States Defense Bonds. For by Bonds and other forms of saving, we are building up not only our own personal security, but the security and the strong economy of America. And we all know, now, that peace is only for the strong.

Why don't you join the millions who invest in Bonds regularly through the Payroll Savings Plan where you work? It's one sure way to save—because it saves something out of every check before you have a chance to spend it.
