

Feeder Calf Sale In Elizabeth City Tuesday, Sept. 22

Information Now Available at Office of County Agent

A feeder calf sale will be held at the Elizabeth City Livestock Market Tuesday, September 22, when beef cattle producers in Chowan County and the Albemarle area counties will be given an opportunity to sell their feeder calves at an organized sale. All calves will be government graded and the grade stamped plainly on the calves' backs. Therefore, the buyer will know exactly the type of animal which he is bidding on.

This sale will work to the advantage of both the seller and the buyer as it enables them to get together at the supervised sale. Only calves of strict beef breeding will be accepted for this sale and both steer and heifer calves will be included. Owners of calves entered in the sale must agree to have their calves mixed with those of other producers according to grade and sex. The lots will be made up of calves of approximately equal weights, and each producer's calves will be weighed and the producer paid according to the weight of his calves in the lot.

All calves entered in the sale must be vaccinated for black leg and for shipping fever at least 10 days prior to the date of the sale. No yearling cattle or calves under 300 pounds will be accepted. The closing date for consignment will be September 1. In case calves do not meet the qualifications of the sale they will be rejected by the sales committee and, therefore, cannot be entered in the sale. No calves graded below medium will be sold. The sale starts at 1:00 P. M. In case there are Chowan farmers or 4-H club members who are

looking for some good feeder calves, this sale should provide a good opportunity for them. The sale will also be an excellent opportunity for the producers of beef cattle to dispose of their surplus animals at a good sale.

MORE and BETTER HOSPITALS FOR ALL TAR HEELS!

Between the years of 1948 and 1952, the over-all health and medical care field of North Carolina made remarkable progress. A record of 77 new and improved hospitals, with 4,406 beds, in 73 of our 100 counties, is something to be proud of—and contributes greatly in making North Carolina a better place in which to work, play and live.

Another contributing factor to more pleasant living for North Carolinians is the brewing industry's self-regulation program where brewers, wholesalers and retailers—in counties where malt beverage sales are permitted under State control—cooperate to maintain wholesome conditions for the legal sale of beer and ale.
