**Do You Remember?**  
BY J. F. PERRY

Politics? Do you remember when an election came off in Hertford and the "Red Oak" group had to be reckoned with? The red oak stood this side of the railroad on Grubb Street.

"Op-tion" folk would very likely favor a different person from the downtown politicians; so much for the town elections! Do you remember the County and State elections and when it was time to elect county officers? Did you know that every man elected as Register of Deeds for the last half century has come from Winfall and was keeping store in the very same building when elected—W. F. C. Edwards, R. L. Knowles, J. W. Ward. Only one exception, and that recently, and it's Julius Fowell, and Julian lived in sight of Winfall for several years. They all served their day and generation well. Congratulations to Winfall for establishing a new world's record for furnishing more "Democratic" Registers of Deeds than any other town of its size in the United States. A Sheriff and Senator! Keep the good work going, Winfall is rebuilding.
