

Washington—I flew down to Raleigh last week. On my return by plane we ran into bad weather about Richmond, and by the time we got to Washington, the weather was very bad. I stepped off of the plane and it was snowing pretty hard. When I left Raleigh only an hour before, it was sunshiny and the birds were singing!

ANDERSON AMENDMENT
I had to return to vote on the Anderson Amendment to join Alaska for consideration along with Hawaii for Statehood. I voted for this measure. It passed the Senate by a close vote, 46-43.

FOOD FOR NEEDY
I joined with Senator Kerr of Oklahoma in the co-sponsorship of Senate Bill 3092 to provide supplementary benefits for recipients of public assistance under Social Security Act programs through the issuance of cer-

NOTICE

We are moving our store three doors west of our present location on Market Street, temporarily, while our old store undergoes remodeling.

We will endeavor to give our customers the same good service as in the past during our temporary stay in the new location.

ificates to be used in the acquisition of surplus agricultural food products.

PURPOSE OF BILL
S. 3092 has two purposes. The first is to provide supplemental benefits for individuals receiving assistance under the programs of old-age assistance, aid to dependent children, aid to the blind, and aid to the permanently and totally disabled, as provided for in Titles I, IV, X and XVI of the Social Security Act. The second is to provide for increased domestic consumption of surplus agricultural food products by establishing a program whereby the monthly benefit payments of such individuals will be supplemented by the issuance of \$10.00 in certificates which may be transferred to retail food products dealers in exchange for surplus agricultural food products at prevailing market prices. This impressed me so much as being a practical sensible and humane approach that I had to stand on my feet in the Senate and say something about it. It touches the economic needs of our people and the need to stabilize farm prices.

WHY THIS BILL?
This extra monthly \$10.00 to the individuals I have already mentioned will be a God-send to them. Today we have a strange condition in our country. Many of our citizens do not have enough food to eat. Yet there is a surplus of food which threatens to drive farm prices lower and undermine our whole economy. The cost of living is high. This bill, if passed, would help melt away the government surpluses of food by seeing to it that it gets into the hands of the needy and deserving people of our country. It would prevent this food from being shipped to Russia, or other places, as some have suggested. We have the surplus of food. The Federal government already owns it. If additional aid is to be given to people on needy roles, then it seems practical to do it this way. It will serve a human need and it will help to keep our farm prices at a level where the farmers of North Carolina can make a living. I am for helping folks who are in need and doing away with aid to people who are able to work and earn a living but are too lazy to do it.

HISTORY
We had a letter from Statesville this week which contained an interesting fact. It said that Iredell County touched more counties than any other county in the United States. It got me to thinking about the counties that Iredell adjoins, so I checked the big North Carolina map in the office. They are Rowan, Cabarrus, Mecklenburg, Lincoln, Catawba, Alexander, Wilkes, Yadkin and Davie—nine counties! That must be the record! If anybody knows differently, I'd like to hear about it.

DRIVING INCREASES

Tar Heel motorists had a big wanderlust last year, according to recent figures compiled by Major C. A. Speed Director of the Motor Vehicles Department's Highway Safety Division. For the year business trips, Sunday outings, vacation driving, errands and the like totaled a staggering 14,471,064,522 miles of driving. That's a four per cent increase in motor travel over 1931 the figures show. And as Major Speed said, "With mileage figures going up every year it becomes obvious we must emphasize more than ever the three C's of safe driving—Courtesy, Caution, and Common sense."

WINFALL NEWS

Mr. and Mrs. Elisha Whitley of Portsmouth, Va., were dinner guests of Mr. and Mrs. E. B. Hollowell on Thursday.

Mr. and Mrs. A. R. Winslow were at Kill Devil Hill Sunday.

Mr. and Mrs. J. F. Hollowell and son, Grover, spent Saturday in Suffolk, Va., shopping.

Miss Phyllis Trueblood, daughter of Mr. and Mrs. C. N. Trueblood was taken to Albemarle Hospital for appendicitis over the week-end. She is doing fine after the operation.

Mr. and Mrs. Irvin Perry and children of Norfolk, Va., spent the week-end with his mother, Mrs. J. E. Perry and Elmer.

Mr. and Mrs. R. M. Munden and daughter of Suffolk, Va., spent the week-end with her parents, Mr. and Mrs. J. W. Nowell, Sr.
