## County Business Men!

We, the Farmers of Perquimans County, wish to thank the business firms listed below for their wonderful cooperation and spirit in our first Perquimans County Farmer's Day.

This cooperation, we feel, which you so graciously gave us helped us to make this event one of the most successful ever attempted.

It is our hope that this event will grow into an even greater program in the years to come bringing about a most cordial rural-urban relationship for the advancement of Perquimans County.

*To the Merchants listed here we say, Many Thanks:*
