**What Counts**

A thrifty man went to a lawyer for advice. After the interview the man ran into an acquaintance and told him about it.

"But why spend money on a lawyer?" asked the other. "When you sat in his office did you see all the law books there? Well, what he told you, you could read in those law books."

"You're right," admitted the advice seeker, "but the lawyer knows what page it's on."
