

New Meeting Plans To Discuss Cotton Topics

The first annual Beltwide Cotton Production Conference will be held December 15-16 at Memphis, Tenn., the National Cotton Council has announced.

The meeting will focus attention on insect control, disease control, chemical weed control, fertilization, irrigation, and defoliation. It will emphasize the importance of fitting together the best "package of practices" for any individual farm, rather than using a piecemeal approach in adopting new practices.

Sessions will be held at the Hotel Peabody, the Council said.

Until this year the Cotton Council has sponsored separate conferences on insect control, weed control, and defoliation. The new Production Conference not only replaces the three previous meetings, but brings other problem areas within its scope as well.

Attending the first in the series of Beltwide Production Conferences will be several hundred persons representing all public and private groups interested in cotton research and education.

Immediately preceding the conference, and held in conjunction with it, will be separate technical meetings of groups particularly concerned with defoliation, disease control and insect control.

Not To Suggest, Of Course "What a fine child. Can he say anything?"

"Yes. We've taught him to say 'Thank you' every time anyone puts a dime in his bank."

SUNDAY SCHOOL LESSON

"There is not a greater prophet than John the Baptist."

Some one has written this of man's power: "With radar, man's eyes are so powerful he can see through a fog. With television, he can watch a football game being played 3,000 miles away. Electronics have so enlarged man's voice that the slightest whisper can be heard around the world. Aeronautics have given man such wings that he flies faster than the speed of sound, and now must stop to hear himself coming." Man has built up a power that may destroy civilization; but in Jesus Christ is kept alive a spirit that can save it!

CARD OF THANKS

We wish to thank our friends and neighbors for the visits, prayers, cards, flowers and all other kindnesses shown during the illness and death of our husband and father, Ben Harrell.

NOTICE!

MAY WE SAY THANKS, to those of our customers who have been so considerate as to keep their accounts for KEROSENE, FUEL OILS, ETC., in such EXCELLENT CONDITION.

The very close margin of profit in these products, necessitates what we term, quick turnover, in order to realize a fair profit for our endeavors, however, at this time of the year, **WE ARE TAKING INTO CONSIDERATION BY COMPARISON,** that limited number of purchasers who have neglected paying their accounts, and by mutual consent, we will make no deliveries to those in this category until some satisfactory arrangement has been made for these items, we will also report each to the other, any accounts who become delinquent from time to time.

We have no desire to seem unappreciative or unreasonable, but we find this position necessary.

How to be sure you are making the best buy in a new truck

- A new truck is an important investment. If you want to be sure you're getting the best buy, you've got to consider a lot of things: price, power, operating economy, good appearance—to mention only a few.
- Take price, for instance. Wouldn't it help you to know that you can buy a Dodge for surprisingly little money? Could be you didn't know Dodge trucks cost less than most other makes.
- Wouldn't it help you, too, to get the whole picture on truck power? The fact that Dodge Power-Dome V-8's outpower every other leading truck in the low- and medium-tonnage fields surely is important to your decision.
- And there are other Dodge advantages you'll want to think about—like the business-building beauty

of Forward Look styling, and the long life that spreads low initial cost over years of dependable service. ➤ It all adds up to this: To be sure of your best truck buy, take a few minutes to talk to your Dodge dealer. Just a phone call will put the wheels in motion.
