

### Peanut Executive Emphasizes Need For More Acreage

The 1956 peanut acreage allotment must be increased in order that the producers of the Virginia type peanut might produce the requirements of the consuming public, says Joe S. Sugg, executive secretary, North Carolina Peanut Growers Association.

The weather conditions in 1955, which were exceptionally good for some crops, were terrifically damaging to the North Carolina peanut crop, Mr. Sugg pointed out. Now that the harvesting and marketing is about completed, it is evident that there will be a tremendous shortage in the Virginia type peanuts required by the consumers between now and the next 1956 marketing season. In fact, according to Sugg, the shortage is so acute that the manufacturers of products using the Virginia type peanuts have applied to the Tariff Commission for authority to import

**DREAM TRAIN FOR SOVIET CHILDREN**—Passengers and crew of this spic-and-span steam train chugging past memorial pylons in Stalingrad, U.S.S.R., are children, according to caption material from a Soviet source. Line runs along embankment of the Volga River and is said to be only one of many such "dream trains" operated in various Soviet cities.

the large size peanut to fulfill their needs. Mr. Sugg stated that hearings have already been set in Washington, at which time he and other officials of the North Carolina Peanut Growers Association will petition the Department of Agriculture for increase in the allotment for 1956 in order that ample supplies of the Virginia type peanut will be produced to fulfill the consumers requirements for

1957. The weather conditions were ideal in other sections of the country, with Spanish and Runner peanuts being produced in surplus quantities, according to Sugg; and unusual in North Carolina and Virginia to the extent that the top four grades were produced in abnormally low percentages. The top four grades referred to are what are commonly seen by the consumer in the salted bag and the roasted in the shell bags. These cannot be substituted by other types of peanuts, due to their superior size, quality and flavor.

Sugg indicated that the results of the Association's activities in connection with the increase should be known much earlier than last year and that any increase forthcoming should be announced considerably prior to planting time.

### Thousands Helped In Securing Homes By New Loan Group

Thousands of persons, who because they lived so far "off the beaten path" encountered financing problems in getting mortgage loans to build a home of their own, have been helped by the operations of a comparatively new co-operative private lending organization, the Voluntary Home Mortgage Credit Program.

The objective of VHMCP, which was established under the Housing Act of 1954, is to make mortgage credit available on a nationwide basis in small towns and remote areas where adequate financing is not available through normal local channels. In so doing, it reduces the need for direct Government lending in the housing field.

just under \$60 millions at that time. More than four out of every five of the applications accepted, and approximately the same proportion of the loan total, went to owner-occupants.

**Aid to Minority Groups**  
VHMCP has also made a substantial number of mortgage loans for the construction of housing for minority groups, both to individual applicants and to housing developments. Aid to housing for members of minority groups is an integral part of the VHMCP operation, and the loan commitments to date include the financing of a number of such developments in various parts of the country.

Most of those receiving VHMCP mortgage loans are persons of small or moderate means. Approximately three out of every four loans granted to date are for amounts under \$10,000. All loans are either insured by the FHA or guaranteed by the Veterans Administration. The majority of the applicants are veterans.

### N. C. Symphony To Be In E. City Feb. 22

The North Carolina Symphony will appear in the S. L. Sheep auditorium Wednesday night, February 22, at 8:30 o'clock. An outstanding program is planned with Dr. Benjamin Swain conducting. The soloist will be Walter Carlinger, a young good looking tenor who has sung at Carnegie Hall, Town Hall and as soloist with the Robert Shaw Choral.

**Sold**  
The tailor was selling his best friend a new suit. He was raving about the garment.  
"I'm telling you, Harry," he said, "that even your best friend won't recognize you in that suit. Just take a walk outside for a minute and get the feel of the garment."  
Harry went out and returned a moment later. The proprietor rushed up to him with a happy smile.  
"Good morning, stranger," he beamed, "What can I do for you?"

### 190,000,000 IS ESTIMATED POPULATION IN 10 YEARS

The population of the U. S. has reached 167 million. In five years it should be 178 million and in ten years, 190 million. By 1975, there will be more than 221 million people in America.

## NORTH CAROLINA UNLIMITED

**OUR PUBLIC LIBRARY SERVICES ARE GROWING TOO!**

The North Carolina Library Commission is accomplishing creditable results in supplying public library services to our people. In only 8 other states is public library service available to 95% of the total population, as it is in North Carolina. Public Library Service in North Carolina is county-wide in 94 of our 100 counties. The present goal is to improve the quality of this service, so important toward making North Carolina a better place in which to live and work and play.

Another contribution to more pleasant living for North Carolinians is the brewing industry's self-regulation program where brewers, wholesalers and retailers—in counties where malt beverages are permitted under State control—cooperate to maintain wholesome conditions for the legal sale of beer and ale.
