JUST A MILE TO THE NEIGHBORS—Straight down, that is. Caretaker Louis Hillis shovels snow from the roof of North Rim Lodge at Grand Canyon, Ariz. A mile below his 8500-foot eyrie is the nearest neighbor, at Phantom Ranch on the banks of the Colorado River. If Hillis longs for company, only alternative to becoming an angel by stepping off Bright Angel Point, where the lodge is located, is to snowshoe 44 miles to Jacob Lake, Ariz. From October to May Hillis and his wife are isolated save for radio contact. Then come lodge employees and the tourists.
