ELMER C. BRINKLEY

Elmer C. Brinkley, 64, of Suffolk, brother of Mrs. Z. A. Harris, died last Thursday in a Suffolk Hospital after an illness of seven weeks. Surviving are his wife, Mrs. Eunice Brinkley; a daughter, Miss Betty Lou Brinkley; two sons, Elmer and Mack Brinkley; Mrs. Harris and a half brother, Richard Brinkley. Funeral services were conducted Sunday at 3 P. M., at Eureka Baptist Church by the Rev. John Hemingway. Burial followed in the church cemetery.

SUNDAY SCHOOL LESSON

(Continued on Page Five)

If we really say in our hearts, like the Psalmist, "The Lord is My Shepherd, I shall not want," we shall be relieved of the necessity of worry and can go through life without fear, for we know that He will go with us, even through the "valley of the shadow of death." What a promise, what assurance!

THE MODERN HOME NEEDS MANY PHONES

Today's home needs telephones in different rooms. The kitchen, the bedrooms, the living room... each is an ideal place for the convenience of a telephone. Call our business office for full information on this low-cost extra service today.

Never before in history has anything built by man traveled so far in so short a time —by land or sea!

United States Auto Club

CERTIFICATE OF PERFORMANCE

The Undersecretary of the United States Auto Club Sports Commission

October 19 to 26, 1956

1957 FORD

Highland Club, Victoria

Break all existing records for average speed of 1000 miles in 16 hours 16 minutes.

20000 Miles in 16 Hrs 16 Min.

U.S.A.C. Certificate of Performance, 1957 Ford, 1000 Miles in 16 Hrs 16 Min.

An announcement of decisive importance to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under the supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '57 Fords traveled 50,000 miles in less than 30 days. Ford No. 1 averaged 108.16 mph for the entire run... Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '57 Ford smashed 486 national and international records.

This test was run on the Bonneville Salt Flats in Utah... It was the longest left turn in history.

A car, like a man, is known by its deeds, not words.

That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

Therefore, we engaged an independent engineering organization to test our '57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice around the world... a distance equal

to 5 years of normal driving.

Not in all history has a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of speed—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbird Y-block V-8 power without qualification of any kind. A test of running gear—of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no other cars have ever undergone, let alone successfully concluded.

Surely they have told you, in decisive terms, that they are worth more when you buy... and when you sell!

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your car—buying dollar—the greatest the world has ever seen.
