Consider The Issues

Consider all the issues and you'll take Lake for Governor. In politics, as in any field, there is a leader and Why do we need \$20-Million next year, just to keep up? there are those who follow.

If you really know Dr. Lake you'll vote for him because he is your one opportunity to get everything worthwhile his opponent offers plus a champion of a balanced budget, a defender of school segregation, State's Rights, and Property Rights.

Dr. Lake is the outstanding candidate because his education, his character, and his experience have enabled him to present a program for sober thinking, level headed people of the state who are not misled by vague commitments and wild promises.

Dr. Lake has stated that two of the key issues in this campaign are—One: The right of all children in North Carolina to a real and not just a superficial education, and two: The threat to this right by the NAACP.

Dr. Lake has successfully thwarted the NAACP before and he will continue to fight them as Governor of North Carolina.

LADIES AND GENTLEMEN, LISTEN TO THE SOUND OF THE LIBERTY BELL!

Whether we like it or not the racial problems thrust on us by the NAACP and other outsiders are an issue in this campaign and will be a problem which must be faced many times by your next Governor. It is an issue and a problem which we must face with dignity, courage and intelligence. The alternative is surrender to forces which would destroy our social order. Beverly Lake's opponent does not consider it an issue. He seems to think that if he ignores it, it will go away. Beverly Lake offers North Carolina its best hope of continuing its public schools and maintaining public order. He wrote the pupil assignment law which has kept your schools open for the past five years. He represented the people of this state before the United States Supreme Court when they needed an outstanding voice to speak for them. He has defeated the NAACP in three important cases affecting the citizens of North Carolina. Beverly Lake's record merits your confidence ad support. He is the man North Carolina NEEDS for Governor!

Ask Yourself This Question—

THE ANSWER:

Here is what Dr. Lake said: "Four years ago this state had a surplus of \$53-Million in its treasury. It has been spent, not for new school buildings or highways or other capital improvements and not to reduce our bonded debt. It has been spent for operating expenses. We are spending during this administration, which now supports my opponent, at the rate of \$20-Million a year in excess of our total tax revenues which will not be available after this year. This means we must find new revenues just to keep our present services where they are."

FOR THE

Sake of Your State Vote For Saturday

Ask Yourself This Question—

Is the "Moderate" attitude toward Integration Confined ONLY to the School Problem?

THE ANSWER:

Here is what Dr. Lake said: "The NAACP also wants to see a new day in North Carolina. The NAACP believes the new day it wants to bring about in your schools will extend to your eating establishments, your barber shops, your beauty parlors, your parks, your beaches, your ballrooms and your childrens' homes. The NAACP believes this new day can.dawn in North Carolina if Mr. Sanford is your Governor. The NAACP has appraised Mr. Sanford as the one most likely to govern this state in a manner such that its program will succeed in North Carolina."

LADIES AND GENTLEMEN, LISTEN TO THE SOUND OF THE LIBERTY BELL!

June 25h is a day of destiny for North Carolina—the day when you will decide who shall be your Governor for the next four years. In making your decision ask yourself these questions: Which candidate has not indulged in wild promises? Which candidate has offered a sound, sensible financial program for this state? Which candidate has shown some understanding of the tax burden which you are already bearing? Which candidate has courageously and with dignity discussed the number one problem which today faces North Carolina and the south? That man is I. BEVERLY LAKE—the best qualified candidate for Governor, the sound man in the race, the candidate with a background of outstanding accomplishment for the state. Think for yourself! Cast your vote for I. Beverly Lake, the man North Carolina needs for Governor!

LADIES AND GENTLEMEN, LISTEN TO THE SOUND OF THE LIBERTY BELL!

As you make up your mind about YOUR choice for Governor, THINK FOR YOURSELF! Do not be misled by the forces at work in North Carolina who would mislead you. They seek control of YOUR government. YOUR pocketbook and YOUR economic freedom. Do you REALLY believe their rumor that Beverly Lake would CLOSE YOUR SCHOOLS if he is elected Governor? Of course you don't. Under the law no Governor can do that. Beverly Lake is a former teacher and the son of a teacher. He has 18 years teaching experience and more knowledge of and interest in educational problems than any candidate in modern times. Think for yourself-and then vote for I. Beverly Lake, a man of dignity, courage and integrity - The Man North Carolina Needs for Governor.
