Come hill... or high water
Vacations go smoother in a Chevrolet Corvair

Bring on those mountains! They're not so high and mighty when you've got Corvair's gummy six and rear-engine traction working on them. You scurry up the meanest grades. You move with sure-footed agility on wet pavement, muddy lanes, gravel and other would-be miseries. And with most of Corvair's weight on the rear wheels, you have easy steering, too. Fact is, the handling's so light and responsive we don't even offer power steering for the car. And there's more to feel good about. No problems with your radiator boiling over or going dry, because there's no radiator. Corvair's engine is air cooled. No concern about brake adjustments, either. Because the brakes adjust themselves. Nothing much to think about at all except the good time you're having. Like to do that in a sporty bucket-seated Monza Club Coupe or Convertible? Like to spring into summer with a 4-speed stick shift* and Spyder package* with its 150-hp Turbocharged engine? Your dealer's got just the Corvair and the Trade 'N' Travel deal on it to put you in a holiday mood.
