

Pool To Be Held June 18th

The Wool Pool will be held in Washington, N. C., on Tuesday, June 18, according to R. M. Thompson, County Extension Chairman.

The farmers in Perquimans County will have an opportunity again this year, as they have in the past, to pool their wool to be trucked to the pool in Washington. Mr. Thompson says that if you are interested in participating in the Wool Pool, your wool should be brought to the Agricultural Building in Hertford on Tuesday morning, June 18 between the hours of 8 and 10:30 A. M. The truck will leave for the Wool Pool around 10:30 A. M., so be sure and have it here on time as the truck will not be here much after 10:30 A. M., Mr. Thompson stated.

The price of the wool is as follows: Clear Cut Cwt. \$58.37; Coarse Wool, \$54.37; Lt. Burry Wool, \$52.37; Short and Lambs Wool, \$51.37; Stained and Med Burry Wool, \$48.37; Reject Wool, \$47.37; Heavy Burry Wool, \$45.37; Tags, \$11.37.

"Sellers of wool, again should put in for their incentive wool payment with the ASCS office in Hertford, so that you will be eligible to receive this incentive payment after the price has been figured for 1963," Mr. Thompson said. "Don't forget to have the wool in Hertford on time, 8:00-10:30 A. M., Tuesday, June 18, as it will be loaded and delivered the same day."

MRS. UNDERWOOD NEW ASSISTANT HOME AGENT

Continued from Page 1
On June 30.

Mrs. Paige Underwood was employed by the board to fill the vacancy left by Mrs. Twiford as assistant home economics agent, effective July 1 and at the same salary paid the former assistant agent.

C. C. Banks was again appointed Veterans Service Officer, this appointment for year 1963-64.

Trotman Miller was employed as janitor at a salary of \$100 per month. Mrs. Trotman Miller was employed as assistant janitor at a salary of \$50.

The board authorized D. F. Reed, Jr., Perquimans County accountant, to invest \$10,000 of the debt service fund in a federally insured savings and loan association.

Tentative allocation to Perquimans County for fiscal year 1963-64 is \$67,810. From this work on the following three roads are planned.

Priority No. 1-S. R. 1305 Little Body Road from U. S. 17 to SR 1303, 3.2 miles. Proposed work is complete base and pavement at an estimated cost of \$35,000.

Priority No. 2-SR 1205, West Hickory Crossroad road, 1.3 miles. Prepare and shape base course and pave at an estimated cost of \$5,000.

The "Charlie White Road," or SR 1200 is the third project. From SR 1200 to SR 1202, 2.6 miles. Proposed work grade and begin construction of the course aggregate base at an estimated cost of \$27,810.

Local Students Given Certificates In Recent Tests

The results of the National Educational Development Tests have been recently returned to the ninth and tenth grades of Perquimans High School.

The NEDT results are used to measure broad aspects of the general educational development of ninth and tenth graders. The tests measure the student's performance on five levels: English usage, mathematics usage, social studies reading, natural sciences reading, and word usage.

The need for the test was cited by the test designers as follows: "National attention is being focused more and more on the early identification of promising students. Further educators have long maintained that early recognition, planning and training can often make a significant contribution to the individual student's development regardless of his ability or the occupational area he is considering. They are becoming increasingly concerned not only with identifying superior academic ability, but also with salvaging unused talent, particularly in students who are above average in ability but who are not classified as "superior" students.

As an optional recognition and motivation device the NEDT program provides Certificates of Educational Development for students who score in the top 25 per cent of their grade in the state. The 16 Perquimans sophomores who received Certificates were Wayne Stallings, Mary Barbee, Nancy Bundy, Mary Lee Newby, Margaret Ainsley, Chuck White, Peggy Ambrose, Judy

AIR POLICEMAN

Airman William H. Godfrey, son of Mr. and Mrs. Robert Godfrey of Route 3, Hertford, has been selected for technical training as an air policeman at Lackland Air Force Base in Texas.

Airman Godfrey, who enlisted in the Air Force a short time ago, has just completed his basic military training.

The airman is a 1962 graduate of Perquimans County Union High School in Wintfall, Long, Howard Robertson, Betty Ruth Smith, Reggie Webb, Sidney Eley, Linda Lee Hall, Phyllis Nixon, Gene Perry and Michael Winslow.

The ten Perquimans freshmen receiving Certificates were John Decker, Douglas Harrell, Beth Harris, Nancy Matthews, Bobby Hollowell, Thomas L. Morgan, Eddie Miller, Betsy Kirby, Rufus Riddick and James Pierce.

INDIANS DOWN FALCONS BY SCORE OF 8 TO 0

Elwood Nowell, W. I. Winslow and Eugene Felton recently revised their conservation plans. W. H. Cartwright and Samuel Moore are constructing an outlet ditch to drain some of their cropland.

O. D. Layden, W. W. Bundy and Joe Towe Whites seeded sericea and bicolor lespedeza on spoil banks along edge of woods. Bicolor lespedeza seed is one of the best food for quail.

Woodard Given Surprise Party

The faculty of Perquimans County High School honored E. C. Woodard, the principal of the school, at a surprise birthday party in the school's Home Economics Department on June 3. The refreshments served consisted of a beautifully decorated birthday cake, block ice cream, and salted nuts. The faculty presented Mr. Woodard with a gift in appreciation of his understanding and loyalty through the years.

PLANS IN MAKING FOR P.C.H.S. MARCHING BAND

Continued from Page 1
Organize among the high school student groups of some sort to participate in entertaining in some way at ball games, etc. Since male participants are not responding the committee is now contemplating organizing an "all girl" marching unit to perform in different formations. They will have a meeting during the summer to elect officers. They are also contemplating a design outfit specifically for Perquimans County High School such as an Indian-type costume for the girls and color guard.

SOIL CONSERVATION NOTES BY F. A. McGoogan

Several Perquimans County farmers are seeding Hairy Indigo on land in the feed grain program for a summer cover crop. Hairy Indigo grows from 3 to 7 feet tall and on a dry matter basis produces from 3 to 5 tons of top growth and 2 to 3 tons of root growth per acre. This cover crop should add a lot of organic matter to the soil. Most of our soils need additional organic matter. On sandy soils organic matter increases the water holding capacity and it helps hold open light soils.

C. E. Matthews has recently poisoned the undesirable hardwoods on some of his woodland. He plans to use a heavy bush and bog dig to destroy the undergrowth of weeds and brush so that pines will reseed. Bob and Carson Spivey recently poisoned hardwood trees that were overtopping a young stand of pines. They used a mixture of 2,4,5-T and Kerosene in a tree injector to poison the hardwoods.

Clarence H. Jennings, charged with failure to report an accident involving more than \$100 property damages, was taxed with court costs.

William W. Dunn paid a fine of \$10.25 and court costs on a speeding charge.
