

**Long To Go To Camp Rainbow**

The Methodist Chapter No. 137 of the City of the Eastern Shore has for the past six years sponsored a qualified girl for a week's stay at Camp Rainbow, located at Boone, N. C. This year Carolyn Paige Long, daughter of Mr. and Mrs. Julian Long of Route 1, Hertford, will attend. The girls' camp, sponsored by the Grand Chapter of North Carolina, Order of the Eastern Star, is located in the scenic mountains of North Carolina and the entire program at Camp Rainbow is planned to foster the mental, physical and spiritual development of the girls. More than 300 acres of land are available for camp activities. There are tennis courts and a swimming pool as well as the usual camp activities. Girls between the ages of 9-16 are eligible to attend. Miss Long will attend the camp during the week of July

15-20. Transportation is furnished by a bus from Roanoke Rapids, which takes many of the girls and returns with them at the end of the encampment.

diel Church. She is a graduate of the well known Durham University in the History

School. She was a teacher before her marriage. Mr. and Mrs. King have two daughters, both are married.

Among the many Methodist churches in Norwich, the church in Chapel Field Road is one of the most important. It is the mother church to a number of smaller ones. The building itself is a fine example of Victorian Methodist architecture. Attached to this older structure there is a wonderful suite of modern premises in which a wide range of activities have their home, serving old and young. The Chapel Field Road Church is used for a number of meetings convened by the East Angles District and is widely known, therefore, over a large part of England.

The witness of Methodism has been maintained in Norwich since 1831 when a Sunday School and later a church was established in a newly developed area just outside the city walls. In 1881 the present church, seating 950 people, was opened on Chapel Field Road to meet the needs of the growing congregation.

The educational facilities were destroyed by enemy bombs during World War II and after frustrating delays in the post-war period, were replaced in 1954 by a fine assembly hall, Sunday School and ancillary rooms adjacent to the church.

The church has a splendid team of laymen, capable and willing to shoulder the responsibilities of church life and organization. There are both men's and women's working parties, ready to turn a hand at any time in a practical way.

Mr. King and his family will leave from New York June 25 by jet to London. His first preaching service will be Sunday morning, June 30. He has received an invitation from Dr. Eric Baker, past president and now secretary of British Methodism, to attend the annual conference session which will convene July 5 through July 11 in Preston, England.
