Plan Bronze Tablet In Court House To Honor Clinton Toms
 Perquimans County will place a bronze tablet in the Court House which ancient building through the generosity of the late Clinton W. Toms, was recently restored, which tablet will bear a suitable inscription in recognition of the deeds. The matter was brought to the attention of the commissioners at their regular meeting on Monday by the Hon. Charles Whedbee, under whose supervision the work of repairing and restoring the Court House was carried on, and

the Commissioners unanimously voiced their hearty approval of the step.

Property Sold for Taxes November 1: The Board of County Commissioners on Monday authorized Sheriff J. E. Winslow to advertise on October 1 the real estate on which taxes have not been paid for the year 1955, sale to be held November 1.

Hunters Bag 28 Foxes During Summer: Twenty-eight foxes have been killed by Perquimans hunters this summer, according to C. W. White, who has probably joined in every hunt which has taken place in the county in recent years. The sport of fox hunting has probably always been indulged in by Perquimans since the days of the latter part of the 17th century when, as reference to the ancient deeds of record in the Perquimans County Court House will disclose, the privilege of "hunting and hawking" always went with the land sold. There was probably in those days a greater variety of game in the woods and swamps of the Albemarle than is now found, and certainly the game was more bountiful, but even today the hunting is good. A little later on Mr. White and many others will begin to hunt raccoon and the demand for good coon dogs will be great. But in the summer and early fall the fox hunt is the favorite sport of those who love the chase.

 when Ikey Stokely, Clark Harris and Freddie Combs alternated at carrying the ball. Freddie Combs scored from seven yards out after having a touchdown called back. Extra point was made on a kick.

A Central kick was blocked late on Central's 10 and on the next play Francis Combs passed to Gene Nixon for the score. The extra point again was good. Perquimans had eight 15-yard penalties called against it, which throttled its attack at times.

The Teacher

BY DORA F. RIDDICK

Come, look with me, and you will see.

What a marvelous creature your teacher would be.

There she stands, demure and sweet,

Fully clothed from head to feet; She's love in her heart with never a frown,

A queen of discipline with never a crown; She was ever by an encyclopedia of knowledge,

With never less than four years of college.

An expert, she runs the picture show, (Patching old film to make it go).

At Math she's a lightning calculator; Plans a grade's lessons on a duplicator;

In lunchrooms she persuades your child to eat

What they claim is worse than a treat.

There she teaches manners that you have forgotten—

And you must admit that some are rotten. She inspects your children's necks and ears,

Kisses their bumps and wipes their tears.

When she finds one other's property taking,

An incontinent crook she must stop in the making.

At arbitration she must be master; 'Til even 7th graders can't put one past her.

A playground director, she works with zest

To use part of the energy which kids are blest.

She must be expert at diagnosis From "Geography pains" to halitosis.

She must always attend the P.T.A.

Though some parents at home with TV stay,

These qualifications, all rolled into one

Make the 8th Wonder under the sun.

The Indians scalped the Central Green Waves Friday, September 13, by a score of 33-0. Although the weather conditions were unfavorable, the Indian fans turned out in large numbers. School spirit is mounting as the football team boasts two victories in succession.

"I think the greatest reason for our success," remarked Coach Ike Perry, "is that we have a dedicated ball club."

A movie camera has been purchased by the Athletic Department. It will be used for filming games so that a play by play study can be made of the team in action. It has already proven its worthiness by helping the team correct previous mistakes.

The Student Council has begun work on revising the Student Council Handbook for 1958-59. President Freddie Combs and the handbook committee will be working on this project throughout the year.

There was an error in last week's column concerning the senior class. The graduating class of 1960 is the largest class to enter in September and graduate in June. The present senior class is second.
