Dan K. Moore SUPPORTS REA

In a statement aimed at halting what he described as "a whispering campaign to discredit me with the membership of the Rural Electrification Administration", Gubernatorial Candidate Dan Moore has stated flatly, "I WILL NEVER BE A PARTY TO THE LIQUIDATION OF THE REA."

Moore says, "that known supporters of his opponent were traveling from farm to farm in Eastern North Carolina spreading the lie that I am opposed to REA. This IS NOT TRUE. I have lived in a rural area. I know the wonderful job that REA has done in the past and is doing today."

Continuing Moore said, "There is sufficient challenge in North Carolina today to test the capacity of both REA and the Power Companies to meet their first responsibility—which is to SERVE THE PEOPLE. There are people in North Carolina who do not have electricity and you cannot argue the principles of this issue by lantern light."
