## Business In County Showed 10 Per Cent Gain In Five Years

Perquimans County's 79 retail establishments had \$82 million in sales in 1963, an increase of 10 per cent from 1958, the U. S. Bureau of the Census has just reported after tabulating data gathered from all firms in the 1963 census of business. The last previous business census conducted by the Census Bureau, an agency of the U. S. Department of Commerce, was in 1958. Retail trade in the county meant jobs (exclusive of proprietors) for 229 men and women and a yearly payroll of \$632 thousand.

In volume of business the county's food stores had sales of \$12 million, a decrease of 4 per cent from 1958. In other retail business—the county's eating and drinking places had sales of \$287 thousand, and gasoline service stations had sales of \$323 thousand.

For the state as a whole, the Census Bureau reported 43,857 retail establishments with sales of \$4,975.3 million, up 30 per cent from 1958.

Census reports to be issued during the next few months will give state and county figures on wholesale and service trades, manufacturing and mineral industries.

Figures on number of establishments and sales volume for major types of retail establishments in each county are provided in the printed report: 1963 census of business, retail trade, North Carolina, available at 55 cents from Superintendent of Documents, Washington, D. C. 20402 and at U. S. Department of Commerce field offices.

## Hertford Voters Approve Bonds

Voters of the Town of Hertford trekked to the polls last Saturday and gave an overwhelming approval to the \$500,000 bond issue. They voted 204 to 99 in favor of issuing \$470,000 in bonds for the financing of the construction of a sewage disposal system ordered built by the State Stream Sanitation Committee. The voters voted 208 to 81 for an additional \$30,000 to finance the extension of the water system to all parts of the town, and the recently annexed areas.

Passage of the \$500,000 bond issue was necessary to qualify the town for a federal grant for the project. If the bonds had not been voted favorably, the state committee could order revenue bonds issued and they carry a higher interest rate.

## Brinn Accepts EOA Position

Captain Tim Rufus Brinn of Hertford, who has just completed 24 years as a naval officer, has been named to succeed Mason Thomas as director of Nash-Edgcombe Economic Development, Inc.

Brinn, a Perquimans County native, was recommended for his position by George Esser, executive director of the North Carolina Fund, who terms the war on poverty and illiteracy as the "greatest challenge of the United States today."

Brinn, while serving his country, was decorated by the U. S. and foreign governments for meritorious action on both hot and cold wars.

He is the son of Mrs. Tim Brinn and the late Mr. Brinn of Front Street, and is the husband of the former Mary Alice Cahoon of Columbia, who taught at Perquimans High School. They have five children.

## Home Demonstration Council Hears Mrs. David Ross Inglis

Mrs. David Ross Inglis, Chairman of the Albemarle Arts Council, spoke to the Perquimans County Home Demonstration Council on March 10.

Mrs. Inglis complimented Perquimans County for the activities planned here under leadership of Mrs. B. M. Riddick. She commented on the "Old Book Exhibit". She explained the purpose of the Arts Council by saying the United States is involved in a cultural explosion. North Carolina has contributed to this explosion with the North Carolina Art Museum, outdoor dramas and the School for Performing Arts. In the Albemarle area we have potential. The goals of the council at present are as follows:

1. Communication (a survey is being made to find interests of people).
2. Coordination of events and activities.
3. Creativity, provide activities such as choral societies, art classes, etc.

She announced that classes in ballet for children and "conditioning" for adults will be taught here. If interested, contact Mrs. Bob Hollowell of Hertford. A choral group will be organized as early as 30 people sign up with Mrs. Charles Johnson, Mrs. Archie White, chairman of Home Demonstration Council.

## Meetings Are Set By Farm Groups

"There will be two meetings held at the Agricultural Building on Tuesday night, March 30 and Wednesday night, March 31 at the Agricultural Building beginning at 7:30 P. M., states R. M. Thompson, County Extension Chairman. The meeting on Tuesday night will be concerning cotton production and Glenn Toomey, who is the Extension cotton specialist, will conduct this meeting. The meeting on Wednesday night will be on weed and grass control in all crops and Dr. Doug Worsham, who is the Extension weed control specialist, will conduct this meeting.

"We have found out that those farmers that follow the cotton program as laid out by Mr. Toomey, have found that cotton is a very profitable crop to grow and one that can be handled with much less labor than we used to think was involved in the production of cotton," further states Mr. Thompson.

"There is also more interest each year in controlling grass and weeds in cotton, peanuts, corn and soybeans, through the use of chemicals. This can be rather expensive if it is not used correctly, and many of the people that are dissatisfied with the control that they get are those that have misused these chemicals. Therefore, we know that a person using chemicals for weed and grass control should know all the known facts about these chemicals before they are applied. We hope that the cotton farmers in Perquimans County will attend our meeting on March 30 and all of those farmers interested in grass and weed control through the use of chemicals will be with us on Wednesday night, March 31, as we know that both these meetings will be profitable to you," further states Mr. Thompson.

## American Legion Drive Successful

Information received here from Department headquarters of the American Legion in Raleigh indicates that Hertford Post No. 362 has conducted a highly successful membership drive.

Roy M. Riddick, commander of the post, has received a letter from Department Adjutant Nash McKee reporting that Post No. 362 has exceeded its Legion membership incentive goal for 1965. The Legion adjutant expressed congratulations and thanks to the post leaders and membership workers for their effort.

A statement of high praise for the local post was issued by Leroy S. Lakey of Charlotte, North Carolina Department Commander of the American Legion.

Commander Lakey said, "The membership of every Legionnaire makes it possible for the American Legion to maintain service for the sick and disabled in hospitals. Memberships make possible all the Legion programs; such as care for needy children, boys' state, Boy Scout troops, oratorical contests, community service and all the others. I am proud to congratulate Post No. 362 upon this notable achievement."

Post Commander Riddick explained that the "Roll Call" theme of this year's drive was to remind all war veterans of their service to their country which makes them eligible to become Legionnaires.

"We are accepting dues payments now from Legionnaires and eligible veterans whose membership is essential if the local organization is to continue its service programs," Commander Riddick stated. Also, he reported that the post is planning to expand its local programs and activities, depending on the final results of the 1965 membership drive.

## Hertford Fire Department Gets Praise Of Jordan For Its Work

R. S. Jordan, a native of Perquimans County who resides in Elizabeth City, owner of the old Alex Jordan home that housed Dr. R. L. Poston's office and which suffered severe damages from a fire last Sunday night a week ago, sent the following letter to Mayor V. N. Darden, the City Councilmen, Fire Chief, the firemen and all the citizens of the Town of Hertford.

"I wish to thank the Town of Hertford, one and all, for the great job your Fire Department did in saving the Winfall property, occupied by Dr. R. L. Poston, from total destruction by fire on Sunday night, March 14.

"My sister who lives next door (and within 100 feet) of the burning building and others who live nearby whose property was in grave danger have asked that they be included in this expression of gratitude for coming to our rescue.

"The fire had already made great headway, progressing from ground level through walls and roof before discovery and those who saw the flames thought surely it would be impossible to extinguish without an unlimited water supply.

"But your Fire Department did the job and they MUST have put EVERY DROP of water where it was needed the most.

"The job was also done with coordination and cooperation that would be the envy of many big city professionals. It is my opinion that the Town of Hertford should be very proud of these men who stand at the risk of great personal peril, ready to serve in time of emergency.

"I would ask also that you accept the enclosed token of appreciation to purchase the firemen a portable canteen or an additional safety device, or if you have all of these, perhaps the firemen would like to deposit it in a fund to assist an injured fire fighter or some other need which I am happy to leave entirely to the discretion of your Fire Dept. whose Chief and EVERY MEMBER I wish to again say "Thank you". Sincerely, R. S. Jordan.

## Tilley To Head Red Cross Drive

W. L. (Buddy) Tilley is the local chairman of the Perquimans County Chapter of the American Red Cross which is in the midst of the annual fund raising campaign.

R. M. Riddick, Jr., president of Peoples Bank & Trust Co., here is the Special Gift Chairman for the campaign.

A full scale fund raising campaign is being conducted to raise the county's given quota of \$1,347.00.

Mr. Tilley urges the citizens of Perquimans County to earnestly support the campaign in reaching its goal in order that services provided by the Red Cross may be carried out.

Three of the services provided are the blood program, the home service program which assists servicemen and their families and the disaster program.

The Red Cross program is familiar to everyone, but the blood program is probably the most spectacular. It collects more than 2,000,000 pints of blood from voluntary donors and gives blood to about 4,000 hospitals.

Volunteer workers will be contacting the people of the county during the month of March and into April. The worthwhile services of the American Red Cross merit the support of every person in this county.

## Hertford Board Approves Move

The Hertford Town Board has given final approval to adding a fifth man to the Town Board and to stagger the board members' term of office. Special legislation is needed to authorize the changes.

In other business at the Town Board's meeting earlier this month the board members approved a town thoroughfare plan prepared by State Highway and planning officials but made acceptance of a proposal to straighten the curve at the end of Church Street leading to the Harvey Point Road subject to approval of the Federal Public Housing Administration. The land required for the improvement is part of the public housing site.

The board agreed to cooperate with Jesse Harris in lighting his shopping center and providing driveway entrances at the center.

The widening of Market Street from the office of Dr. T. P. Brinn to Covent Garden Street was voted. The block has always been too narrow for two-way traffic plus parking on both sides of the street. However, the widening will take down some pretty old land mark trees and rather than do this, it is felt by many here that parking on only one side of the street would have eliminated this problem without the widening and taking down of the trees. Trees like other towns and cities are trying to preserve.

## Perquimans PTA Meeting April 1

The Perquimans High School PTA will hold its regular meeting at the high school cafeteria on Thursday night, April 1, at 8 P. M.

Dr. Robert Barringer, dean of the College of the Albemarle in Elizabeth City, will be guest speaker. He will speak on opportunities available to young people through higher education.

This is the last meeting of the year for the High School PTA and Mrs. John Newby Winslow, president, hopes we will have the best attendance of the year.

## 28 Perquimans Students Take National Scholarship Tests

Twenty-eight students at Perquimans County High School were given the 1965 National Merit Scholarship Qualifying Test by Mrs. Margaret Maston, Supervisor of County Schools.

The test was administered at the school at 9 A. M., Tuesday, March 9, 1965. All students who wished to be considered for Merit Scholarships to be awarded in 1966 took the test at that time. Those taking the test were Nancy Matthews, Rufus Riddick, Joe Towe White, Jr., Skip Morgan, Jerry Stallings, Ervin Fields, Charley Bonner, Felix Lane, Pam Sawyer, Eddie Miller, Pam Perry, John Eaves, Johnny Decker, Johnny Hollowell, James White, Becky Owens, Johnny Danchise, Susan Hardcastle, Douglas Umphlett, Archie Miller, Benny Hobbs, Beth Harris, Paul Smith, Lee Brabbe, Joel Ellis, Michael Hervey, Billy Ray Nixon and Becky Walker.

The NMSQT is a three-hour examination of educational development. The test is the first step in the 11th annual competition for four-year Merit Scholarships provided by the National Merit Scholarship Corporation and by sponsoring corporations, foundations, colleges, associations, unions, trusts, and individuals.

The number of scholarships awarded in any year depends upon the extent of sponsor participation. In 1964, 1,652 Merit Scholarships were awarded; 1,146 were provided by 227 sponsors and 506 by the Merit Corporation. There are 4,880 Merit Scholars attending 485 colleges in the current academic year.

The test scores of students who are examined in March will be reported to their schools before May 15. The scores are used by counselors in many high schools to help students make decisions about college attendance and field of study. Many students who do not expect to win a scholarship take the test in order to learn more about their individual strengths and weaknesses in the areas measured by the test.

More than 14,000 semifinalists, the highest scorers in each state, will be named early next fall. Names of semifinalists are published in a booklet which is distributed to all colleges and to other sources of financial aid for undergraduates. Further, their names and test scores are sent to the two colleges that they list as their preferred choices at the time that they take the NMSQT. The order of preference is not shown.
