Hog Production

Continued from Page One

60 days of age at the start of the test.

They must be weighed in by college extension personnel or a vocational ag teacher. They will be weighed out by one of these same disinterested parties.

The pigs are being fed a complete ration of corn, plus a generally available protein supplement. No other feed or pasture is permitted.

When these pigs are weighed out between 200 and 215 pounds at least three-fourths of them will go to slaughter and their average backfat measurement, loin eye measurement and pork carcass length will be made available.

Upon completion of this test any remaining feed in the self-feeder will be weighed back and the rate and efficiency of gain figures will be made available.

It is hoped by all cooperating in this program that all interested parties will visit the test and witness the progress being made.

Yule Parade

Continued from Page One

first runner-up was D. F. Walker High School of Edenton. Second runner-up was P. W. Moore High School of Elizabeth City and third runner-up, Chowan High School cheerleaders.

The first prize trophy for the best float was awarded Perquimans Union High School, who had an outstanding float depicting the three kings of the Orient.

First runner-up was the Anderson Methodist Church with a children's choral float.

Second runner-up was the Hertford Assembly of God Church with the Open Book.

Third runner-up was the Hertford Baptist Church with a nativity scene.

The Hertford Fire Department float with Santa on the sleigh was not judged due to the theme of the parade and due to the fact that they were one of the sponsors of the parade.

Many favorable remarks were made as to the outstanding performance of the Harvey Point Color Guard, who did an outstanding job and we hope to have them with us in other events of the coming new year.

BRIDGE CLUB MEETS

Mrs. W. G. Wright was hostess to her bridge club club Tuesday night at her home. Those playing were Mesdames V. N. Darden, Nathan Relfe, Charles Whedbee, C. E. Johnson, T. B. Sumner, Katherine J. Ward, Miss Kate Blanchard and Miss Thelma Elliott. The high score went to Mrs. Sumner. A sweet course was served.

Temperance is the moderating of one's desires in obedience to reason.
—Cicero.

Good Response

Continued from Page One

1966.

Mrs. Murray urged every citizen to buy and use Christmas Seals generously on their cards, letters and packages. Every item of mail leaving the Post Office should have this year's Christmas Seals on it.

She said, "The people of this community know what Christmas Seals do to make this a healthier place to live in, such as finding TB cases through chest X-rays, promoting tuberculin tests, health programs through films and literature, services to our patients and research for six of programs now going on in our state.

The world's greatest water power is woman's tears.
—J. Kenfield Morley.
