Youth Corps Summer Program Announced By Mr. Biggers

John T. Biggers, Neighborhood Youth Corps Project Director, announced at a meeting of the Economic Improvement Council that the Albemarle Area will have \$184,200.00 this summer for the project.

Five hundred Albemarle Area youths will participate in the NYC program, which will begin June 1 and end Aug. 24. Enrollees will be permitted to work for 10 weeks at \$1.25 per hour. Their pay will cover 26 hours a week and an additional two hours will be set aside each week for instruction, guidance, and counseling.

Perquimans County will be allotted 50 of the 500 job slots. Average weekly pay for each enrollee will be \$32.50. This means that \$16,250.00 will be paid high school students in Perquimans County this summer.

The In-School Phase of NYC Project No. 73-8080-35 will end on May 31, 1968. It is the opinion of our staff that this has been one of the most successful years we have had.

The Summer Phase of this project will begin June 1, 1968 and will terminate August 24, 1968. Enrollees will be permitted to work for 10 weeks dur-

ing the summer at \$1.25 per hour. They will be paid for up to 26 hours per week but may be required to stay on the job for 28 hours per week. This will give two hours for instructions, guidance, and counseling.

We have been allotted an additional 140 work slots since I reported to you last month. This brings our enrollment level to 500 for the summer. Below is a listing of the tentative distribution by counties.

Camden, 20; Chowan, 60; Currituck, 30; Dare, 26; Gates, 45; Hyde, 30; Pasquotank, 114; Perquimans 50; Tyrrell, 40; Washington, 85.

After some study and conferences here in the NYC office we estimate the enrollees distribution by work classifications will be as listed below.

Young Workers Urged To Get Social Sec. Cards

Perquimans County students who plan to work for the first time this summer should get social security cards before they start job hunting.

Many of the employers in our area will not accept a new employe unless he can furnish his social security card at the time

of hiring. Others will hold up the first pay check until a social security card is furnished. The main reason we urge these young workers to get social security cards is so that they can get full and proper credit for their work.

So many young people think about social security only in terms of retirement payments at age 65. These youngsters fail to realize that they are building protection against death and disability. The latest amendments to the Social Security law make disability payments possible with less work if the worker becomes disabled before age 31, than under the old law.

I want to congratulate those students who are graduating from high school this year and to remind those who are going on to further their education, that many colleges and universities now use social security numbers as student identification numbers.

Applications for social security cards can be obtained at almost any post office, and always at your Social Security District Office. The office servicing this area is located at 401 S. Dyer Street, Elizabeth City, N.C.

American Legion Holds Successful Member Drive

Information received here from Department Headquarters of The American Legion in Raleigh indicates that Hertford Post #362 has conducted a highly successful membership drive.

Roy M. Riddick, Commander of the Post, has received a letter from Department Adjutant J. Carroll Wilson reporting that Post #362 has exceeded its Legion Membership Incentive Goal for 1968. The Legion Adjutant expressed congratulations and thanks to the Post leaders and membership workers for their effort.

A statement of high praise for the local Post was issued by Robert A. (Bob) Tart of Benson, North Carolina, Department Commander of The American Legion. Commander Tart said, "The membership of every Legionnaire makes it possible for The American Legion to maintain service for the sick and disabled in hospitals. Memberships make possible all the Legion programs; such as care for needy children, Baseball, Boys' State, Boy Scout Troops, Oratorical Contests, Community Service, and all the others. I am proud to congratulate Post #362 upon this notable achievement."

Post Commander Riddick explained that "68-Can Do Year" — the theme of this year's drive — was to remind all war veterans of their service to their country which makes them eligible to become Legionnaires.

"We are accepting dues payments now from Legionnaires and eligible veterans membership is essential if the local organization is to continue its service programs," Commander Riddick stated. Also, he reported that the Post is planning to expand its local programs and activities, depending on the final results of the 1968 membership drive.
