veteran legislator with three regular terms and three special terms under his legislative belt, was elected without opposition at the Democratic caucus of the House membership. Lane was sworn in Jan. 15, the

day the session started, but he had been on the job several days prior to the official opening of the session to supervise a host of jobs that had to be completed before the legislators started arriving. He is in charge of a

multitude of things that are expected by the legislators. For instance, he and his staff members have to help the lawmakers get settled in their offices and get them whatever they want for their offices,

Another duty is keeping order in the House while it is in session. Lane has to see to it that the doors of the House are staffed to keep unauthorized persons out while the lawmakers are conducting their business on the floor of the House.

This is not the first session as Sgt. -st-Arms for Lane, He served the same post in the 1965 session of the General Assembly.

He was elected to that post in 1967 after losing his seat in the House due to the redistricting of the House of Representatives ordered by the federal courts in 1963. After that redistricting took place, Perquimans County became just one county in the six county district which could send two representatives to the General Assembly.

Lane enjoys equally well serving the House Sgt, -At-Arms, He enjoys working with the mem-bers and helps them in any way he can.

He was first elected to the House from the county in 1961, and was returned again in 1963 and 1965. In addition to those terms, he served three special
