## Opportunities Offered For Career in Nursing

Information on the Walter Reed Army Institute of Nursing has been received in the office of Mrs. Thomas Riddick, Guidance Counselor, Perquimans County High School. If one can qualify the plan provided by the Walter Reed Army Institute of Nursing offers the opportunity to earn a Bachelor of Science in Nursing with the major portion of educational expenses paid by the Department of the Army.

This plan provides opportunity for young women and men to receive nearly all educational expenses throughout a 4-year period. Approximately 135 applicants, who will be enlisted in the Army for participation in the Walter Reed Army Institute of Nursing, can anticipate an interesting and challenging experience preparing for and beginning practice in a career of professional nursing.

Opportunity is provided for concurrent enrollment of 4 years and enrollment in a college or university for the purpose of achieving a baccalaureate degree in nursing. This arrangement includes the following provisions:

1. The enlisted student is entitled to pay and allowances of Grade E-5.
2. The program begins with the selection during 2 years of study in an approved and regionally accredited 4-year college or university which offers the essential general education and pre-professional courses. The choice of this college or university may be made by the applicant; the admission requirements are set by the college or university. Schooling cost within specified limits will be defrayed by the Department of the Army.
3. At the end of 2 years, providing admission requirements have been met, the student will participate in the University of Maryland School of Nursing. The students will be provided clinical learning experiences at Walter Reed Medical Center, supplemented by other accredited Army medical and welfare facilities. All instruction will be under the direct supervision of the faculty of the University of Maryland School of Nursing.
4. After being graduated from the University of Maryland School of Nursing and after having satisfactorily completed the examination for State licensure for registered nurses, the enlisted student is tendered an appointment to the grade of second lieutenant in the Army Nurse Corps, with

the obligation to serve on active duty for 3 years. High school seniors and graduates with high scholastic standing who have completed college preparatory courses and who are recommended by their secondary school principals may submit their applications. The minimal high school course requirements are the following: English (4 units required) Mathematics: Algebra (1 unit required) Plane geometry (1 unit req.) History and social sciences - (1 unit req. - 2 units desired) Foreign language - (1 unit req.) Biological and physical sciences - (1 unit required) Biology - (1 unit or - Chemistry - (1 unit or - Physics - (1 unit

Applicants must also present written evidence of acceptance for enrollment in a regionally accredited 4-year college or university offering the general education and preprofessional courses specified in the curriculum. To be eligible for participation in this program, an applicant must not have reached his or her 34th birthday by the date of enlistment in the U.S. Army. The written consent of the parent or legal guardian is required for men under 18 or women under 21 years of age. A further requirement for eligibility is the satisfactory completion of the College Entrance Examination Board. This must be taken at the student's expense. It is the responsibility of the applicant to have his scores sent to The Surgeon General, ATTN: MEDPT - MF, Department of the Army, Washington, D. C. 20315. Final selection for participation in the enlistment and financial plan of the Walter Reed Army Institute of Nursing is made on the basis of high school scholastic standing, results of the College Entrance Examination, letter of recommendation, medical fitness and other related factors, as determined by a board appointed by the Surgeon General. Each applicant will be notified in writing by the Surgeon General of selection status. This program is open only until the first week in April. If you are interested contact Mrs. Riddick as soon as possible so that she may make arrangements with SFC John F. Ford, U.S. Army Recruiter, to file your application.

## Perquimans Must "Pretty Up" Before The Industry Comes

Tom Brown, Director of Perquimans County's Industrial Development Commission, told the Board of Directors of the County's Chamber of Commerce Monday, that "We must offer industrial prospects a progressive package". Brown said that Roy Sowers, director of the Department of Conservation and Development, who met with officials of the county and the town of Hertford last week, emphasized the importance of a clean progressive-looking town. Brown suggested "riding into Elizabeth City and Edenton to compare. You'll see plenty that needs doing here."

He said he was looking for "total community-wide involvement" and said that "the civic clubs in the area should work on the beautification program." Brown, along with Chamber Manager Frank Roberts, will appear before meetings of all area civic clubs during the next several weeks to help find at least two members of each group that will form a committee to work with friends, neighbors, downtown merchants and the clubs themselves, in cleaning and painting the area.

## Perquimans FFA Team Places Second In Land Judging

J. L. Tunnell's F. F. A. team placed second in the Land Judging Contest held in Chowan county on March 20th. Ten schools out of a possible 12 schools participated from Gates, Perquimans, Chowan, Camden, and Pasquotank in the district contest sponsored by the Albemarle Soil and Water Conservation District; assisted by Soil Conservation Service personnel, Joe Covington, Area Soil Scientist; and vo-ag teachers from the schools participating. Gates County FFA team captured first prize of \$15.00; Perquimans received \$10.00; and third place prize went to Chowan High School. Members of the FFA team pictured above are: Roy Hollowell, Dan Nixon, Parker Haskers, and Martin Owens; also J. L. Tunnell,

vo-ag teacher; and Floyd Mathews, Perquimans Supervisor and Chairman of the Albemarle District Event. The Gates team will compete in the 14th Annual FFA Land Judging Meet to be held at Vance County High School, Henderson, N. C. on April 12th. Mr. Mathews stated he was pleased with the enthusiasm and knowledge shown by the students. He emphasized that instruction in Vocational Agriculture and Land Judging Contests such as this provide opportunities for students to develop appreciations, understandings, and abilities with respect to classifying soil according to physical characteristics; and using and managing soil according to its capabilities.

## Sewage Disposal Racketeers Bring Warning To Area

Local home owners whose residences are served by individual sewage disposal systems are warned to be cautious in making agreements with itinerant contractors for cleaning septic tanks. The health department recently received complaints from rural residents of "fly-by-night" operators tricking them into paying exorbitant prices for cleaning household sewage disposal facilities. It appears that some operators misled people into thinking the price is \$20.00 but when the job is completed the operator demands payment at the rate of \$20.00 per ton, and sometimes charges more than the tank will hold. In practically all cases the complaints concern itinerants who quickly move on to another locality before the word spreads about their method of doing business.

## Cleanup In Progress

The big cleanup is going on at the end of Church Street in Hertford with the demolishing and cleaning up of the old frame houses that have stood at the South end of town for many, many years. They were occupied for years by many Negroes that were employed at Major Loomis Lumber Company and Southern Cotton Oil Co. when the two businesses were here.
