Think Along Right Line Men Wanted

A man who can findthings to be done without the help of a manager and three assistants.

A man who gets to work on time in the morning and does not im-peril the lives of others in an attempt to be first out of the office at night.

A man who is neat in appearance and does not sulk for an hour's overtime in emergencies.

A man who listens carefully when he is spoken to and asks only enough questions to insure the accurate carrying out of instructions.

A man who moves quickly and makes as little noise as possible about it.

A man who looks you straight in the eye and tells you the truth every time.

A man who does not pity himself for having to work. A man who is cheerful cour-

teous to everyone and determined to "make good."

This man is wanted everywhere Age or lack of experience do not count. There isn't any limit, except his own ambition, to the number or size of the job he can get. He is wanted in every business.

Mrs. Sawyer Lists Red Cross Work **Done By Donations**

With the Perquimans County Red Cross Fund Drive being in full swing now, Mrs. Nation Saw-yer, chapter chairman, would like to highlight some of the work done by the local and national Red Cross each week in order that you might know how your funds are being used.

Perhaps one of the most wellknown and popular programs of the Red Cross is the Bloodmobile. The Bloodmobile is in Hertford three times each year and at the present time, our goal is 75 pints per visit. Unfortunately, due to the flu and also lack of interest on the part of some of the citizens, we have only received 101 pints out of two visits during the last fiscal year, but it is hoped we will more than reach the goal at the May 3 visit.

By being a participating county in the Tidewater Blood Program, any citizen of this county may receive blood anywhere in the United States without paying for the blood. There is a charge by the hospital for such things as typing, cross matching, administering the blood and professional services, But, there is no charge for Red Cross blood.

If we were not a participating county in the blood program, anyone from here would have to pay commercial prices for the blood they receive as well as cost of administering. This could very well cause a financial hardship on any family.

Part of the funds raised through the local campaign go to help maintain the Red Cross Bloodmobile - helping to pay salaries of the nurses, doctors, technicians who accompany each visit. All local help at each visit from canteen workers to nurses on duty are volunteer help. We would like to stress that all workers with the Perquimans County Red Cross are volunteers and not paid workers

Mrs. Sawyer urges your full support of the current fund raising drive. With co-operation from every citizen, we should easily reach our goal of \$1,615.00.

Next week, the duties of the Service to Military Families will

Mrs. White Says April Is The Turkey Month

By (Mrs.) Ila Grey White, Home | petite pleasing results worth far conomics Extension Agent

April is National Turkey Month, the big bird is in plentiful supply, and Easter is a good holiday to serve it for family or guests -as a whole bird, in quarters or halves, in the other readily available parts or the boneless, nowaste rolls.

No matter in what form the fowl is served, it is the garnish that glamourizes a meal and makes it into an event. Garnishing food for beauty and appetite appeal is creative work. Applying time and talent to making food more beautiful flatters family and guests.

Turkeys roasted whole, in halves or quarters provide the rich color and interesting shape that require a basic garnish and a few trimmings, Perquimans County Home Agents suggest you start with a fringe of parsley or a ruffle of salad greens, then follow with colorful fruits or vegetables.

When Time is Short - here are a few ideas that bring eye and ap-

Working Together By G. W. Cooper, Scoutmaster

Working together is the most; of each fruit half. important step for unity, and good will to men. Therefore, it makes the world a better place in which

If all of us would worktogether there would be less friction in our communities, homes, schools, colleges universities, and in our nation.

All human beings are born free and equal in dignity and with rights. They are endowed with reason and conscience, and should work together towards one another in a spirit of brotherhood, for a better world in which to live As long as we work together, there is hope and trust.

Finally how can these goals be achieved to win parents' cooperation? Since understanding is the basis of cooperation, it is important that parents be informed concerning the group activity program. One of the most important ways of gaining support of parents is to invite them to visit the schools and giving them recognition by having them to stand.

There is an old saying, but a true one; if a house is divided between itself will not stand the test of time,

Let me make it clear to the reader by giving a concrete example: Take several pegs of equal length and bind them together with a rope and see what happens, You can clearly see that they will stand together. If the rope is removed, they will fall apart. With the same token, if we are not tozether we will mil apart.
