On-The-Job Training Program

GENERAL CONCEPT

The On-The-Job Training Program may be defined as the actual performance of the work duties in any occupation under the supervision and guidance of a trainee worker or instructor during the period of employment of the trainee.

The statewide program as sponsored by the Division of Human Resources of the Department of Local Affairs is designed to serve a dual role. It matches the employee with an appropriate employer thereby providing job entry or skill improvement training to the unemployed and underemployed person. The main thrust is to make available meaningful employment to the indigent individuals who have not had the opportunity heretofore.

The program had its inception when the Departments of Health, Education, and Welfare (HEW), the Department of Labor (DOL), Bureau of Employment Security (BES), and the Office of Economic Opportunity (OEO) envisioned a need to combine

their interests and concerns for the less fortunate in combating some of the causes of poverty.

The federal government, under the provisions of the Manpower Development Training Act (MDTA) of 1962, as amended by the Manpower Act of 1965 is ready to help employees and related groups with the development of cost of On-The-Job (OJT) Training through the statewide program of the Division of Human Resources. THE MECHANICS OF IMPLEMENTATION

Approximately 30 Community Action Agencies across the state serve as sponsors for the On-The-Job Training program as authorized by the Division of Human Resources. The implementation of the program is the responsibility of the manpower components of these local community agencies in their respective areas.

CONTRACT PROCEDURES I. Contracts submitted to the state office by sponsoring agencies for processing and approval should include five units. There are four forms that make up a unit for subcontract. They include the following:

1. Negotiation Worksheet
2. OJT 2A (Yellow Sheet)
3. OJT 3A (White Sheet)
4. OJT Training Outline (An attached sheet listing a training schedule indicating number of hours of concentration in each area of instruction.)

II. Prior to processing the contract the local Employment Security Manager must certify the need of training for the occupation in his geographic area of supervision. The OJT Representative in the ESC office will prepare the appropriate forms enrolling the trainee.

III. Nepotism is not permitted under the MDTA OJT contract. A subcontractor is not allowed to enroll members of his immediate family.

IV. It is the responsibility of the sponsoring agency to keep the OJT Director's office informed as to the progress of the trainees. This is accomplished by submitting three copies of the Progress and Compliance forms (OJT-4) 15 days after the contract has become operative and each 30 days thereafter.

V. When a trainee ceases to be a part of the program for any reason, it is necessary for the developer to prepare and submit seven copies of the MA-102. Three copies should be sent to the local ESC and four copies to the OJT Director's office.

VI. The employer may enroll a new trainee in substitution of the one terminated providing the new trainee will have the advantage of 75 percent of the

training time under the OJT contract.

VII. The contractor will be paid \$25.00 per week for each trainee up to a maximum of 26 weeks.

VIII. No special treatment of employees is requested in the program. All trainees under this program receive the same treatment as other employees including termination for reasons that seem to be feasible by the employer.

IX. The paperwork will be done by the sponsoring agency or the State Office. The program will be monitored at 30 day intervals. This activity will be expeditiously handled so the trainees will lose a maximum of five minutes from his duties; very often two or three minutes is adequate.

X. When the provisions of the contract have been fulfilled the job developer should immediately close out the subcontract by submitting to the OJT Director's office three copies of the forms listed below:

1. Detailed Statement (Form request for reimbursement of funds submitted on official stationery of the subcontractor.)
2. Subcontract Invoice
3. Subcontract Release
4. Trainee Roster
5. Liability Amendment (When necessary)

Seven copies of the termination form (MA-102) are requested. These items are referred to as the "Close Out Package."

XI. The Economic Improvement Council Office in this area will be able to provide detail information when requested. Kindly contact.

 Field Representative

This summer a great number of young people because of recent changes in the disability provisions for persons under 31 years of age. If you have lost your card, or never had a card, be sure to get in touch with the Social Security Office now so you will be prepared when the time comes for you to apply for summer work. All employees must have a social security number in order

for their employers to report the wages that have been paid. If you need a social security number, contact your Social Security Office at 401 S. Dyer Street, Elizabeth City, North Carolina.

DRAFT DEFERMENTS
 By Executive order President Nixon has abolished occupational draft deferments and deferments for fathers. He also announced his intention to end undergraduate student deferments when and if Congress gives the necessary authority.
