

# Lavezzo-Long Wedding Vows Spoken At Bethel

The marriage of Miss Carolyn Paige Long and John Joseph Lavezzo, III, was solemnized Sunday afternoon, July 12, at five o'clock at Bethel Baptist Church in a setting of white chrysanthemums, gladioli, fugi mums, and daisies.

The Rev. Robert C. White, uncle of the bride, performed the double ring ceremony with the Rev. Gordon B. Shaw assisting. Wedding music was presented by Mrs. Charles Whitley, organist soloist, and Tommy Long, soloist.

The bride is the daughter of Mr. and Mrs. T. Julian Long of Hertford. The bridegroom is the son of Mr. and Mrs. John J. Lavezzo, Jr. of Orlando, Fla., formerly of Edenton.

Given in marriage by her father, the bride wore a traditional gown, designed and made by her mother and sister. The gown of white peau de soie featured an empire bodice covered in Chantilly lace and applied with seed pearls. The long full sleeves had wide cuffs with tiny self covered buttons and were applied with tiny pearls. The A-line skirt was accented with a full cathedral train of Chantilly lace with applique scallops. Tiny satin buttons and bridal loops highlighted the back of the dress. Her cathedral length veil fell from a crown of pearls. The bride's only jewelry was a gold pocket, a gift of the groom. She carried a white satin Bible topped with white roses and a white orchid.

Miss Linda Long, sister of the bride, was maid of honor. She wore a floor-length gown of blue peau de soie with Victorian neckline, lace bodice, and short puffed sleeves. A full chiffon overskirt fell from the empire waist and was accented with a bow in the back. She wore a picture hat made of blue peau de soie and lace and trimmed with a large chiffon bow. Her nosegay was made of pom poms and fugi mums.

Mrs. Patricia Gregory of Elizabeth City was matron of honor. She wore a yellow floor-length gown and picture hat fashioned after that of the maid of honor. She also carried a nosegay of pom poms and fugi mums.

Bridesmaids were Miss Neta Linkscales and Miss Constance Lilley of Elizabeth City, Mrs. Phyllis Crain of Hertford, Miss

Dale Elliott of Edenton, Miss Judy Hoggard of Windsor, Miss Pat Holloman of Murfreesboro and Miss Evelyn Tarkenton of Winston-Salem.

They wore gowns and carried nosegays identical to that of the matron of honor.

Little Miss Susan White, cousin of the bride, was flower girl. She was dressed identical to the bridesmaids.

Little Miss Betty Ann White, cousin of the bride, was miniature bride. Her dress was similar to the bride's.

Jerry Townson of Edenton was best man. Groomsmen were Tommy Long, brother of the bride, and Jimmy Shaw of Hertford, Johnny Dowd, Gary Farmer and Roger Shearin of Edenton.

Kent Chappell, cousin of the bride, was ring bearer.

Mrs. Elliott Layden and Mrs. Edgar Long were mistresses of ceremony.

The bride's mother wore a blue dress with matching accessories and a yellow orchid corsage.

The groom's mother chose a green dress with matching accessories and a white orchid corsage.

Immediately following the ceremony, a reception was held at the home of the bride.

For a wedding trip to Myrtle Beach, S. C., the bride changed to a light blue dress of polyester, crepe and matching accessories. She wore a white orchid lifted from her Bible.

Out-of-town guests were: Miss Anna Lavezzo, Orlando, Fla.; Mr. and Mrs. John Carres, Rockville, Md.; Mrs. Shirley Michaels, Williamsburg, Va.; Miss Mary Beatty, Mansfield, Mass.; Mrs. Francis J. Lies and Kathy, Oklahoma City, Oklahoma; Mr. and Mrs. Howard Ward, Linda and Kenny, Orlando, Fla.; Mrs. C. R. Chappell and Miss Blanche Chappell, Norfolk, Va. and Paul Kline, Hampton, Va.

### Pre-Nuptial Parties

A miscellaneous shower was given by Mrs. Dalton Parker, Mrs. Dewey Perry, Jr., Mrs. Larry Skinner, Mrs. Wallace White and Miss Linda Long.

Miss Imogene Riddick entertained in honor of the couple at her home, Blackstock, Nixonton, with a dinner party.

Miss Constance Lilley and Mrs. Charles Sawyer gave a

## Questions & Answers About Pickles

1. Q. What are the advantages of brining cucumbers?  
A. (a) The process "cures" the cucumbers and helps stabilize texture.

(b) The cured cucumbers may remain in a 10 percent brine solution for months and pickles can be made as needed.

2. Q. What causes some pickles to become soft during brining?  
A. If the vegetables are not covered with the brine solution, or if the brine becomes too weak, or if scum is not removed, soft pickles may result. These should be discarded.

3. Q. What is the purpose of adding salt at intervals during the brining process?  
A. The process of "osmosis" is at work. The water is removed from the vegetables and replaced by the brine. This water will weaken the brine and may cause spoilage. A 10 percent brine should be maintained.

4. Q. Is it all right to use "agricultural" and "builders" lime for pickle making?  
A. No. A purified form of lime, calcium hydroxide, is the type recommended. This may be purchased at the drug store.

5. Q. What is meant by processing?  
A. Processing is subjecting a jar of food to a heat treatment. Most products discussed in this bulletin should be processed at simmering temperature for 10 minutes.

6. Q. Why should pickles and relishes be processed?  
A. This procedure is for the purpose of accomplishing the heat destruction of microorganisms which are always introduced into the product during packing operations.

party in their home at Old Trap in honor of the bride.

Mrs. Larry Skinner was hostess to a bridesmaid's party in her home in Edenton.

An after rehearsal dinner party was given by Mr. and Mrs. Elliott Layden and Mr. and Mrs. Edgar Long at the home of Mr. and Mrs. Long.

Processing also drives air from the jar. Air left in the jar may cause discoloration, loss of flavor and may result in spoilage.

7. Q. What is simmering temperature?  
A. Processing at simmering temperature, recommended for pickles and relishes, means putting hot sealed jars into a boiling-water bath - water 1-2 inches over tops of jars - and holding the temperature about 180-190 degrees for specified time.

## Know Your Social Security

Your Social Security Office is as close to you as your telephone. A telephone call to the office can assist a future claimant in determining whether he has the necessary proofs available when he is ready to claim benefits. Our employees can check on necessary proofs and how you can acquire them if they are not readily available. This means that payments will be made quickly when the individual decides he is ready to claim his benefits. The entire claim can be completed over the telephone. This procedure makes a trip to the office unnecessary. The information is taken over the telephone and the claim form is mailed to the beneficiary for signature. He can return the necessary documents with the application for benefits by mail, and never make a trip to the office.

This is a boon to many of our older people. They no longer have to drive to the office or get a friend or relative to bring them in. The office telephone number is 338-3931.

This is a boon to many of our older people. They no longer have to drive to the office or get a friend or relative to bring them in. The office telephone number is 338-3931.

## Stay Home - And Get Away!

That's right, Vacationland is right in the backyards o Albemarle residents.

The ever-old, ever-new Dare Beaches ever-beckon to sun 'n' fun people. And the beauty of it is we can get away from home and still feel right at home . . .

It's never too late . . . so why not call your favorite motel or rental agent RIGHT NOW?

## N. C. Half-Year U.S. Savings Bond Sales Exceed \$33 Million

Sales of United States Savings Bonds in North Carolina for the month of June and the first half of the year were the best since 1946.

Series E Bond sales for June were 19 percent over June of last year, while cumulative sales of E & H Bonds and Freedom Shares were up 15 percent.

January-June sales of Series E Bonds amounted to \$31,292,000 a 5 percent increase over the comparable period a year ago. January-June cumulative sales amounted to \$33,138,616, a 2.7 percent increase over January-June of 1969, and represented 52.3 percent of the state's annual dollar goal of \$63,300,000.

According to Bland W. Worsley, State Volunteer Chairman, a major factor in this increase was the fact that the savings bonds division has experienced one of its most successful years ever in promoting the payroll savings plan for the purchase of United States Savings Bonds among employees of industry throughout the state.

Also, the new higher interest rate of 5 percent paid on bonds makes them more attractive to all savers.

Sales in Perquimans County for June were \$6,835.00. January-June sales totaled \$35,261.00. This represents 70.7 percent of Perquimans County's goal of \$49,879.00, according to R. L. Stevenson, Perquimans County Volunteer Chairman.

## Engagement Announced

Mr. and Mrs. Royce E. Vickers announce the engagement of their daughter, Lucie Irene, to Lt. Frederick Carlton Gregory of Raleigh.

Lucie is the granddaughter of Mrs. Ellie White and the late Mr. White of Hertford.

The wedding will take place August 15 in Raleigh.

## Vacationers Warned To Avoid Purchase Of Pet Skunks

The State Board of Health was advised today by the Center for Disease Control in Atlanta that several potentially rabid pet skunks, raised in Oregon and reportedly sold as pets in Washington state, have not been accounted for. One skunk bit its owner in Seattle and was found to be rabid.

So far as is known none of these skunks have been shipped to North Carolina for sale. However, Dr. J. N. MacCormack, chief of the Communicable Disease Section of the N. C. State Board of Health, today issued a warning to vacationers planning travel to the Northwest to avoid purchase of pet skunks.

There have been no rabid skunks reported in North Carolina for the past several years.

### BUSY MINT

LONDON (AP) The British mint produced 86,601 medals in 1969 along with its normal coinage.

Coinage was up, too, with the mint getting ready for the switch-over from old style coins to the new decimal system. The mint coined 164 million 50-pence coins, 398 million 10-pence coins, 83 million five-pence pieces, 394 million two-pence coins, 587 million one-pence coins and 391 half-pence pieces.

In addition, it coined 92 million six-pence, 47 million three-pence and 219 million pennies under the current system.
