In Fashion

A dress or coat made of patches is a popular idea in Europe. Coats made of suede or fur patches are seen in many shops. Dresses in bright patches of various colors are favorites with the young set.

A good way to lengthen that sleeveless mini-dress is to insert a harmonizing strip of fabric above the hemline using the same fabric for sleeves.

Card of Thanks

I wish to express my sincere appreciation to everyone who remembered me with cards, flowers, visits and their prayers while I was a patient in the hospital and since my return home.
