Travelers Spend \$850 Million In N.C. During Year

Travelers spent a record \$850 million in North Carolina during 1971, according to the annual travel survey published by the Travel and Promotion Division of the Department of Natural and Economic Resources.

This represents an increase of \$48 million over the 1970 travel spending level.

Out-of-state travelers to North Carolina last year numbered 42 million, an increase of two million over 1970 estimates. These out-of-state visitors spent \$549 million, up from \$518 million from the previous year.

"Naturally we are extremely pleased with the travel results

of 1971," said Chuck Barbour, director of the Travel and Promotion Division.

"The economy has been a big question all over the country and for this reason we are pleasantly surprised with the new record. People are going to travel and they are going to travel to top vacation destinations. North Carolina is a top vacation state, and I think these results continue to prove this," he added.

The states that provided the most visitors to North Carolina were, in order: Virginia, Tennessee, Ohio, Florida, Georgia, New York, and South Carolina, all providing more

than five percent. Virginia led with 18.17 per cent, while South Carolina had 5.32 percent.

Albemarle Regional Planning Endorses 4-Laning Of US 17

The Albemarle Regional Planning and Development Commission Board of Directors have unanimously endorsed the four laning of US 17 through Northeastern North Carolina.

The resolution was passed by the directors at their regular January board meeting last Thursday (Jan. 13) in Edenton.

The members did not specify a preference for any of the three proposed corridors from the Elizabeth City area to the Virginia line made by the State Highway Commission.

Concern was expressed by a board member, Macon Johnson, who is chairman of the Camden County Commissioners, that the Inland Waterway Bridge at South Mills could eventually be closed as all of the proposed routes by-pass South Mills. He said, the reduction in traffic on the existing US17 bridge, which is midway the town limits, could eventually lead to its elimination by the U.S. Corps of Engineers.

"If eliminated, it would be necessary for the residents to travel nine miles distance just to cross to the other side of town", Johnson said.

A resolution was passed favoring the retaining of the bridge over the Inland Waterway at South Mills. William B. Gardner, chairman of the board of directors, noted: "It is important that the ten counties of the region stand together in support of each other".

Wesley Cullipher, director of the Albemarle Regional Commission, reported that all but one of the 21 jobs funded in the ten counties under the Emergency Employment Act had been filled. The single vacancy was for a secretary in Creswell.

Cullipher said, an application had been submitted to the Department of Housing and Urban Development for a

facilities building at Stumpy Point. He pointed out that the community had no building to have meetings or activities.

Miss June Myers, Regional Human Resources Director, informed the board that a planning grants for solid waste disposal operations are

available from the Solid Waste Division of the Environmental Protection Agency. The board approved further investigation with the objective of locating a solid waste operation that would convert waste into a marketable product to be located in the area.

Miss Eure Released From Hospital

Miss Lois Eure, 15 year old daughter of Mr. and Mrs. Albert Eure of Rt. 3, who was hospitalized following an automobile accident on New Year's Eve, and who required head surgery, has been released from the hospital, and is recuperating at her home.

Miss Eure was an occupant in a 1966 Mustang car being driven by Henry Stokes, Jr., and occupied by Miss Eure, and John E. Ritter, age 15, son of Mrs. Julian E. Winslow.

State Highway Patrolman Robert Allen, the investigating officer stated the accident occurred on the White Hat-New Hope Road on Friday night new year's eve at approximately 11:15 p.m., that Stokes the driver of the car lost control in a curve on the New Hope White Hat Road, seven miles south of Hertford while Stokes and Ritter were taking Miss Eure to her home, of which they were in sight, at the time of the accident.

Miss Eure was hospitalized and required head surgery. The Ritter youth was also hospitalized at the time following the accident, and later released. Stokes received facial cuts.

Wesley Cullipher, director of the Albemarle Regional Commission, reported that all but one of the 21 jobs funded in the ten counties under the Emergency Employment Act had been filled. The single vacancy was for a secretary in Creswell.

Cullipher said, an application had been submitted to the Department of Housing and Urban Development for a

W.M.S. Of Berea Church Meeting

The Women's Missionary Society of the Berea Church of Christ met on Friday night at the home of Mrs. Guy Webb Jr., with Mrs. Joe P. White as hostess.

Mrs. Whit Cartwright presided.

Mrs. Donald Baker gave an interesting report on the Cookson Hills, Okla. Home for Children, and the work being done there.

Mrs. J.D. Yeates taught the lesson from the Minor Prophet work book. She taught an inspiring lesson on Zephaniah and his warning to Judah and Jerusalem, and that Spiritual worship did not depend upon a place, but on the presence of God.

Twelve members were present.

The hostess served ambrosia, cake, and nuts.
