Card Of Thanks

I wish to take this opportunity to express my sincere appreciation to the many people who remembered me during my stay in the Chowan Hospital and since my return home.

The fruit, gifts, prayers on my behalf, beautiful cards, visits, phone calls and all other acts of kindness shown me were deeply appreciated.

I wish to give a special thanks to Dr. Baker, the staff in the emergency, operating and recovery rooms, the wonderful nurses and all others who made my stay a more comfortable one. Also to the Perquimans County Rescue Squad, Perquimans Economic Resource Center and Mrs. Calvin Casper.

If I've failed to mention anyone, may I now say thank you, for it's the wonderful people like you which make an illness more bearable.

Dr. Jenkins, my surgeon, the little white hands and the little black hands of the nurses, my pastor, Rev. Harris, relatives, neighbors and friends you have made my operation just a dream by your tenderness to me.

Thursday night at 7:00 o'clock the faculty of PCHS will try to show "middle age" at its best.

In the first game lady faculty members will play girls from the student body.

Mr. Byrum and Mr. Davis have agreed to officiate. In the second game the men's faculty team is reported to be able to put more than a half a ton on the court at one time. They insist that it is all muscle. Some students agree that with all that muscle there's little room for brain. All in all, it should be a good battle (some insist a side show). Yes, it is possible...to build on your property now and keep your costs low. Here's how...

Pictured here is Hugh Odum, manager, Tallahassee, Florida. But Hugh is not unlike any other manager of Jim Walter Homes. Each one was selected because he is friendly...easy to talk to...and he has been trained to work with you, his customer...to work for you, to see to it that your building costs don't run wild, that they can be budgeted. He'll show you how you can help to build your new home...to do some of the inside work yourself, to save money. How much? That depends on you. How much can you do? How much money would you like to cut from the cost of your new home? We'll stop building at almost any stage of inside completion. You tell us when, then you take over. Do the plumbing, the wiring or just the inside painting. Whatever you do, no matter how much or how little, will save you money.

MORTGAGE FINANCING

We'll use exceptionally high quality, low maintenance building materials. And you can count on your Jim Walter manager to make a series of prearranged inspections to see to it that you get what you pay for...that you get your money's worth in a quality built home.
