Board Of Education Votes To Install Fire Hydrants

The Perquimans County Board of Education in their May meeting voted to install fire hydrants at Perquimans Union School and Perquimans Central School in Winfall. Claude Williams and Joel Hollowell, Sr. appeared at the meeting to request the Board to install fire hydrants at the two schools. They appeared before the Board as representatives of Parkville Ruritan Club.

The Board voted to contribute \$10.00 monthly for each county paid school employee who wishes to participate in the new State Employee Hospital and Medical Program which begins July 1, 1972.

Miss Thelma Elliott reported that she is planning to attend the State School Board Conference at Chapel Hill on May 9 and 10th.

In other business the Board voted to make up one school day at the end of the term. The current school term will close on June 1st. The teachers will work two days beyond the school closing.

A special meeting was voted by the Board of Education for approving a budget for 1972-73.

Susan Harrell Is Honored For Superior Work

A Hertford student was among the 260 juniors honored at a special Junior Scholar Reception on campus Thursday (May 4) at the University of North Carolina at Greensboro.

The junior scholars were invited to the reception on the basis of their academic achievements at UNC-G. The 260 students were selected from a junior class which numbers 1,151.

She is Mary S. Harrell, daughter of Mr. and Mrs. Charles M. Harrell, Jr., Railroad St.

In addition to honoring students' outstanding academic achievements, the reception also had as its purpose informing these rising seniors about graduate study opportunities at UNC-G and elsewhere.

Grant Made

First District Congressman Walter B. Jones confirmed today that a \$7,500. Matching grant-in-aid had been made for the acquisition of the Newbold-White house in Hertford by the National Park Service under the National Historic Preservation Act.

Fashion Slides Showing May 18

There will be four special showings of Adult Fashion Slides at the County Office Building on Thursday, May 18, and Friday, May 19, at 12:00 Noon and 3:00 p.m. each day. If you are interested in attending during a lunch hour, you are invited to bring a sandwich and lunch while you view the slides according to Mrs. Paige Underwood, Home Economics Extension Agent.

Fashion notes indicate the twilled, khaki colored fabric is popular in slacks for spring, summer 1972 as it was in the 1960's. Chino will be found in bush suits, bush jackets and shorts, but where it will make the fashion impact is with jeans. True Chino fabric is a mercerized cotton with a shiny finish. Today, however, you will find Chinos made with polyester-cotton blends. The look is crisp and a natural for the "Pulled Together" fashions. Although Chino is usually thought of as men's wear fabric, it is being used in sportswear fashions for young girls and women.

Chino was originally khaki colored. For 1972 the fabric takes on a range of colors, and may even be printed, brushed, or embossed.

With reasonable care Chino should maintain its shiny finish without difficulty. Yes, the fabric can be washed, but for optimum preservation of its shiny, crisp appearance, dry cleaning is recommended.
