John Carney, an executive officer of Indian Creek, Inc.; has this week announced plans for two new business ventures here in Perquimans County. Both of these ventures involve food marketing, a field which Carney has extensive prior experience and knowledge.

Carney said that work is presently underway for a restaurant to be located in the Bethel Community on the banks of Indian Creek, locally referred to as Bethel Creek, and that it will specialize in seafood and carry a good selection of choice steaks. This restaurant will be named "The Fisherman's Wharf" and will feature a schooner decor. The restaurant will be accessible both by car and boat. Dredging permits have already been applied for to extend a canal from Indian Creek to the restaurant. A free boat launching ramp will be constructed on the canal. Carney said the building, which will house the restaurant is being extensively renovated at a cost of about \$35,000.00 and that the facility should be open in forty days or less. The restaurant has a planned seating capacity of 100 people and will be open for both lunch and the evening meal.

The second operation announced by Carney is a restaurant catering to convenience foods and ice-box pies and is to be the pilot operation for a string of convenience food outlets known as "Lil Champ".

The parent organization for "Lil Champ" is Carney, Sons and Perry, of which Carney is president, and their present plans call for five more "Lil Champs" to open in the

Carolinians in the next 12 months. The second "Lil Champ" will be open in Midway, Bertie County, in what formerly was the Midway Restaurant and Motel. The property has already been purchased for this second operation.

The pilot "Lil Champ" will be located in Hertford on Business 17 in the building that was formerly Brown's Restaurant. Carney said that he hoped to be able to open in about 4 weeks. The "Lil Champ" will be open from 11 A.M. til 11 P.M. with the exception of Fri., Sat., and Sun.
