**WEEKLY RECIPE**  
*Sarah Anne Sheridan*  
Your Thanksgiving dinner will be easier to budget if you start planning for it weeks ahead. Write out your Thanksgiving menu. List separately all the foodstuffs needed to prepare it. Check your supply of staples—flour, sugar, vegetables, shortening, spices, seasonings, etc. Buy a hen turkey if you want one of 8 to 15 lbs. Tom turkeys are better for an 18 to 25 lb. bird. Allow ¾ lb. of full-drawn turkey (minus head, feet or organs) per person. If you buy a frozen turkey thaw with care. Two to four days in refrigerator, or six to 12 hours under cold running water. Leave in original wrap to keep juice loss to a minimum. After stuffing, truss the bird by shaping the wings akimbo. Brush the salted and peppered bird thoroughly with melted fat; then place in refrigerator until time to roast. When ready to cook, place breast side up, on wire rack in open roasting pan. Drawn Weight and Approximate Roasting Time:  
7 to 10 lbs., 30 min. per lb.  
10 to 15 lbs., 20 min. per lb.  
15 to 18 lbs., 18 min. per lb.  
18 to 20 lbs., 15 min. per lb.

*In Fashion*  
Silver jewelry is enjoying popularity this winter. It is particularly good with gray and blue garments. If some of the dresses in one's wardrobe are in style except for tight skirts they can be helped by easing out the side seams from the bottom of the hem up to the hip line.
