

**Women's World Elected Member
Day Of Prayer Of Board Of
Directors By Vepco**

Women's World Day of Prayer was observed by the First Baptist Women of Hertford. The service was held at the First Baptist Church, on Market Street in Hertford, with Miss Hulda Wood presiding. The theme for the service was "Reconciliation". The women visitors were impressed with the warm words of welcome to the Church and facilities by the Pastor, Rev. Norman B. Harris. Special message from the president of the organization was given by Mrs. Jack Burbage. Miss Hulda Wood explained why this Day of Prayer was being observed by women. There were special prayer request through out the world given by the following women: Mrs. Warner Madre for South-west Pacific and Africa; Mrs. M.B. Taylor, for Asia and the entire world; Mrs. Carroll Homes, for Europe, Latin America, and North America. Mrs. Hester Reid explained the theme of World Day of Prayer, followed by a report on the observation of 1971 Day of Prayer by Mrs. Royce Vickers. Special commitment and spiritual renewal were given by Mrs. R.B. Gibbs and Mrs. Haywood White representing the two First Baptist Churches in Hertford.

**OUR HEATING SYSTEM
OFFERS EQUAL RIGHTS TO EVERYONE.**

Where heating comfort is concerned, all people are not created equal. They're as different inside as they are outside. So the thermostat setting that's warm for one may be hot—or cold—for another.

But there's one heating system that lets you please all of the people all of the time. Electric baseboard heat. Because it offers the one thing that guarantees everyone's comfort: a thermostat in every room.

With multi-thermostats, you can warm the bath and baby's room without overheating the rest of the house. You can lower the heat in the kitchen when you're cooking, or cut it way down in unused rooms to save electricity. And money.

But this room-by-room heat

control isn't the only advantage. Electric baseboards give you clean, dependable, long-lived, trouble-free heating with no cold drafts or hot spots. And because they use electricity in the winter, when there's power to spare, they help you to hold down electric rates by balancing the demand for power throughout the year.

So if you're looking for a new house, or building one, ask the contractor about this

flexible system. Or call your local Vepco office. They'll be happy to work with you and your builder to help you plan for electric baseboard heat.

Then all your relatives can be comfortable at once. Even though comfort is relative.

ELECTRIC BASEBOARD HEATING IS FOR "TURN IT UP" "TURN IT DOWN" AND "LEAVE IT WHERE IT IS" PEOPLE ALL AT ONCE.
