### Social Security **Guards Kidneys**

A recent amendment to the social security law is of special interest to those who are facing the high cost of treatment for a kidney ailment.

W. Alford, Robert manager of the Elizabeth City Social Security Office said that some folks who need continual hemodialysis treatment for kidney disease, or require a kidney transplant, can possibly get some help towards the cost

The basic requirement for medicare help is that you must have worked long enough under social security to be insured. If you have, not only you but your wife or husband or dependent children would be eligible for assistance under the program. Unlike other medicare benefits you don't have to be age 65 to get this

No benefits can be paid under this program before July 1, 1973. For more inrmation contact your cial security office at 401 S. yer St., Elizabeth City.

The thinking of people is in a constant evolutionary struggle. The evolvement of higher ideals is being brought forth in generation after generation. For this we are thankful.

It was just a hundred and fifty years ago that the English stopped executing women for

executing women for "witchcraft." More than

"witchcraft." More than 300,000 women were put to death in England in a period of 300 years — their only crime was that they were "witches."

A foolish practice? Yes, we all agree! But at the time of the executions people actually believed in witches and wizards. There were many who practiced the art of witchcraft, and believed themselves to be witches.

chcraft, and believed themselves to be witches. What about a hundred years from now? Will the things we accept today as "human nature" be in the dark ages of yesterday? Will prejudices and hate some day go the way of witchcraft? This, of course, depends on us. We make our world — we set the sails to our destiny. Whether we know it or not, we are doing just that every day of our lives.

#### LUMBERTON - W.L. "Noody" Johnson's concern for Odum Home in Pembroke began a

long time ago.
As a matter of fact, family ties with the Home go back to Johnson's father, the late I.L. (Red) Johnson of Roland.

Odum Home, one of seven campuses across the state where the Baptist Children's Homes of North Carolina, Inc. offer group care to dependent and neglected children, has just received a new station wagon from the Lumberton Chevrolet dealer. It will be used in transporting goods and children. The gift is a practice that was inaugurated by Red Johnson who also sold cars many years before.

But Noody Johnson cannot even recall how long his family has been lending a helping hand to

the Home in this way. Often a brother, James Johnson who still lives and operates Roland Motor Co. in Roland, gives the Homes a vehicle. The Roland company is the family's main Chevrolet

dealership office. The Johnson men's father was also a farmer for many years. In Odum Home's beginning 30 years ago, the late Mr. Johnson would loan the Home a couple of mules to get through farming season. When the crops had been harvested, the mules were returned. Later the man began giving the Home a car or pickup truck when it was needed. Noody Johnson moved

his family to Lumberton in 1960 and established the Jon-San Chevrolet Company, as a branch of the Roland firm. The Johnsons have two daughters, Vicki, a junior at the University of North Carolina, and Kitty, a senior in high school. She will enter Wake Forest University next fall where her father graduated with a B.S. degree. Both girls are active in church work and like working with the mentally retarded.

Johnson's interest in youth only begins at Odum Home. He has been a leader in Boy Scout circles for many years and is currently helping to raise money to build a Boy Scout camp in Lumberton. Johnson was Cape Fear Council president in 1970 and 1971. He has been on the board of directors since 1963. He holds the Order of the Arrow and Silver Beaver scouting awards.

Johnson was also an organizer of "Your House", a

years for Lumberton prevent drug abuse by giving teenagers a place to go, Johnson said. It is staffed by volunteers who counsel, show films and offer art classes and recreation to youngsters who come in from the streets.

In 1962 Johnson served as president of the local Jaycees and was Roland Lions' Club president before moving to Lum-bert n. He has been active in politics and the fight against alcohol in Robeson County.

In 1963 the Lumberton Jaycees named him "Boss of the Year." At the Lumberton First Baptist Church, he has been a Sunday School superintendent and teacher, Church Training director and deacon. He was moderator of the center Robeson Baptist operated for the past two Association for two
