NOTICE OF SALE
NORTH CAROLINA PERQUIMANS COUNTY
Under and by virtue of the power of sale contained in that certain deed of trust executed by W.L. Lassiter and his wife, Jean T. Lassiter and O.F. Lassiter (unmarried), dated August 4, 1970 and recorded in Mortgage Book 51 on page 190 in the office of the Register of Deeds of Perquimans County, North Carolina, default having been made in the payment of the indebtedness thereby secured and said deed of trust being by the terms thereof subject to foreclosure, the undersigned trustee with offer for sale of public auction to the highest bidder for cash at the courthouse door in Perquimans County, North Carolina, at 12:00 o'clock Noon, on the 12th day of December, 1973, the property conveyed in said deed of trust, the same lying and being in the County of Perquimans and State of North Carolina in New Hope Township, and more particularly described as follows:

The W.L. Lassiter and O.F. Lassiter Farm located in New Hope Township, Perquimans County, North Carolina, approximately 4 miles East of New Hope Village and being more particularly described as follows:
TRACT 1: Beginning at a point located on the South side of Durants Neck Road, at the Southwest intersection of said road and Humphries Lane; running thence S 52-45 W and along the West side of said lane a distance of 37.58 chains to a point; running thence N 37 W and along the South side of another dirt lane a distance of 9.23 chains to a point; running thence N 53-30 E a distance of 39.50 chains to a point located on the South side of said Durants Neck Road; running thence S 30-30 E and along the south side of said road a distance of 3.03 chains to a point; running thence S 25 E and continuing along the South side of said road a distance of 5.83 chains to a point located on the West side of Humphries Lane, being the point and place of beginning, containing 34.6 acres, more or less. This being all the property acquired by W.L. Lassiter by a certain warranty deed dated May 17, 1947 and recorded in Deed Book 29, page 415 from E.M. Perry and wife and J.E. Winslow and wife.

TRACT 2: Beginning at a point located on the South side of Durants Neck Road at the South west intersection of a dirt lane (which point is located in a general Southeastly direction and along the South side of said road a distance of 43.07 chains from the Northeast corner of the Pleasant Valley Farm); running thence S 37 E and along the South side of said road a distance of 24.50 chains to the West side of Stokes Lane; running thence S 53-30 W and along the West side of said Stokes Lane a distance of 39.50 chains to a point; running thence N 80 W a distance of 48.0 chains to the center of Potters Creek; running thence N 81-30 E and along the center of said creek a distance of 7.29 chains to a point; running thence N 58-45 E and continuing along the center of said creek a distance of 3.53 chains to a point; running thence N 35-30 E a distance of 22.50 chains to a point; running thence S 79 E a distance of 20.0 chains to a point located on West side of a dirt lane; running thence N 52 E and along the West side of said dirt lane a distance of 28.0 chains to a point located on the South side of Durants Neck Road, being the point and place of beginning,

containing 157 acres, more or less. This being all the property acquired by W.L. and O.F. Lassiter by a certain warranty deed dated August 1, 1967, and recorded in Deed Book 9, page 20, from H.A. Goodman to Onella Steele and said W.L. Lassiter and O.F. Lassiter being the children and sole heirs-at-law of their mother, Onella Steele Lassiter.
TRACT 3: Beginning at a point on the South side of Durants Neck Road and said beginning point also being located at the Northeast corner of the Pleasant Valley Farm, which beginning point is located on the West side of a dirt lane separating the Lassiter Farm and the Pleasant Valley Farm, (said beginning point also being located in a general Southeastwardly direction a distance of 45 chains, more or less, from the intersection of Durants Neck Road and Brickhouse Road); running thence S 42-30 E and along the South side of said Durants Neck Road a distance of 32.54 chains, to a point; running thence S 39-45 E and along the South side of said road a distance of 3.83 chains to a point; running thence S 37 E a distance of 7.50 chains to a point located on the West side of a dirt lane; running thence S 52 W and along the West side of said dirt lane a distance of 28.0 chains to a point; running thence N 79 W a distance of 20.0 chains to a point; running thence S 35-30 W a distance of 12.50 chains to a point, running thence N 49-30 W a distance of 22.20 chains to a point located on the West side of a dirt lane separating the Lassiter Farm and the Pleasant Valley Farm; running thence N 40-30 E and along the West side of said dirt lane a distance of 55.21 chains to a point located on the South side of Durants Neck Road, being the point and place of beginning, containing 174.60 acres, more or less. This being the greater part of the property acquired by W.L. and O.F. Lassiter by a certain warranty deed dated October 2, 1951, and recorded in Deed Book 33, page 167 from James L. Ownley and wife and George F. Ownley, unmarried.

TRACT 4: Beginning on the North side of Durants Neck Road at the Northwest intersection of Durants Neck Road and River Landing Road; running thence N 37 W and along the North side of said Durants Neck Road a distance of 29.60 chains to a point; running thence N 52-45 E a distance of 4.23 chains to a point; running thence N 73 E a distance of 14.77 chains to a point; running thence N 50-30 E a distance of 24.00 chains to a point; running thence S 42-30 E a distance of 4.0 chains to a point running thence N 83-30 E a distance of 4.40 chains to a point; running thence N 46-45 E a distance of 30.53 chains to a point located on the South side of Little River; running thence S 35-30 E and along the South side and the various courses of Little River a distance of 16.00 chains to a point located on the West side of River Landing Road; running thence S 47 W and along the West side of the said River Landing Road a distance of 3.18 chains to a point; running thence S 64-45 W and along the West side of said road a distance of 7.42 chains to a point; running thence S 45-50 W and along the West side of said River Landing Road a distance of 65.89 chains to a point located on the North side of Durants Neck Road, being the point and place of beginning, containing 148.3 acres, more or less. This being all the property acquired by W.L. Lassiter and O.F. Lassiter by a certain Trustee's Deed dated February 23, 1952 and recorded in Deed Book 33, page 153 from C.R. Holmes, Trustee.
TRACT 5: Beginning at a point located at the Southwest in-

tersection of Humphries Lane and another dirt lane (which point is located S 52-45 W a distance of 37.58 chains from the Southwest intersection of Durants Neck Road and Humphries Lane); running thence S 37 E a distance of 5.44 chains to a point, running thence S 45 W a distance of 17.29 chains to a point; running thence S 37-15 W a distance of 1.03 chains to a point; running thence S 70-30 W a distance of 1.31 chains to a point; running thence S 85-15 W a distance of 3.50 chains to a point; running thence S 74-45 W and along the center of a branch a distance of 3.83 chains to a point; running thence N 44 W and along the center of said branch a distance of 2.29 chains to a point running thence N 61-30 W and continuing along the center of said branch a distance of 5.51 chains to a point; running thence N 61-30 W a distance of 7.50 chains to a point; running thence N 55-30 E a distance of 31.50 chains to a point located on the South side of a dirt lane; running thence S 37 E a distance of 9.23 chains to the West side of Humphries Lane, being the point and place of beginning, containing 45.7 acres, more or less. This being all the property acquired by W.L. and O.F. Lassiter by a certain warranty deed dated January 12, 1949 and recorded in Deed Book 32, page 324 from H.A. Goodman and wife.

TRACT 6: Beginning at a point located on the South side of Durants Neck Road at the Southwest intersection of Stokes Lane and said Road; running thence S 37 E and along the South side of said road a distance of 18 chains to a point; running thence S 53-30 W a distance of 71 chains to a point; running thence S 61-30 E a distance of 7.50 chains to a point located in the center of a branch; running thence S 22-30 W and along the center of said branch a distance of 5.78 chains to a point; running thence S 5 E and along the center of said branch a distance of 5.41 chains to a point; running thence S 64-45 W and along the center of said branch a distance of 8.38 chains to a point; running thence N 65 W and along

the center of said branch a distance of 4.88 chains to a point; running thence N 88-30 W and along the center of said branch a distance of 4.57 chains to a point; running thence S 68-15 W and along the center of said branch a distance of 2.73 chains to a point; running thence N 79-45 W and along the center of said branch a distance of 4.42 chains to a point; running thence S 69-30 W and along the center of said branch a distance of 4.59 chains to a point; running thence N 14-15 E a distance of 2.85 chains to a Birch; running thence N 12-30 E a distance of 6.78 chains to an oak; running thence N 22 E a distance of 9.09 chains to a point; running thence N 19-45 E a distance of 4.33 chains to a point; running thence N 82 W a distance of 3.80 chains to a point; running thence N 75 W and along the center of a branch a distance of 3.21 chains to a point; running thence N 69-45 W and along the center of said branch a distance of 3.78 chains to a point; running thence N 22 E a distance of 5.54 chains to a point; running thence N 74 W and along the center of said branch a distance of 2.85 chains to a point; running thence N 44-30 W and along the center of said branch a distance of 10.65 chains to the center of Potters Creek; running thence N 47 E and along the center of said creek a distance of 3.53 chains to a point; running thence N 9 E and along the center of said creek a distance of 3.45 chains to a point; running thence N 32 E and along the center of said creek a distance of 4.59 chains to a point; running thence N 51-30 E along the center of said creek a distance of 9.54 chains to a point; running thence S 80 E a distance of 46 chains to the West side of Stokes Lane; running thence N 53-30 E and along the West side of said Stokes Lane a distance of 39.50 chains to the South side of Durants Neck Road, being the

point and place of beginning, containing 390 acres, more or less. This being all the property acquired by W.L. and O.F. Lassiter by the following deeds: a certain Trustee's Deed dated January 25, 1954 and recorded in Deed Book 35, page 490 from Charles E. Johnston, Trustee; a certain warranty deed dated June 5, 1954 and recorded in Deed Book 35, page 450 from Margaret Brooks and husband and a certain correction deed dated January 31, 1959 and recorded in Deed Book 41, page 503 from Laura W. Griffin, et al.
The successful bidder will be required to deposit with said trustee ten per cent (10 per cent) of his or her bid up to \$1,000.00 and five per cent (5 per cent) of said bid in excess thereof.
This 7th day of November, 1973.
J.W. Jenette, Trustee
11-15, 22, 29—12-4

EATS TADPOLES
Tifalmin women and children in New Guinea, barred by strict taboos from many "male" foods rich in protein, supplement their diet with steamed tadpoles, lizards, spiders, and tiny toads, reports the National Geographic Society's new book, "Primitive Worlds."

SKATING DELIGHT
Early ice skates were detachable, with a blade stopping short of the heel but projecting in front of the toe. In 1830 an Englishman designed the first blade that ran the length of the foot, and in 1848 an American produced the first all-metal skate of iron fastened permanently to a skating shoe.

GROWS LARGE
A giant ornamental carp in Japan can grow to two feet long and live 200 years, the National Geographic Society says.

County Folks Not Only Coffee Drinkers

The coffee break - that popular forum for the exchange of ideas, gripes, and gossip - is one of America's hottest fringe benefits.

More than 90 per cent of all employed persons in the United States have coffee available to them in office or factory. They drink about 50 million cups during daily coffee breaks.

Although Americans consume some 40 per cent of the world's coffee imports, their drinking habits rarely are imitated in other countries' the National Geographic Society says.

Some Like It Sweet
The Japanese prefer coffee at least twice as sweet as the average American brew. The Swedes like theirs much stronger. Italians relish "cafe espresso," a dark, rich liquid concocted in a gleaming, steaming, spouting monster of a machine. Ugandans make a savory blend of coffee and bananas.

In Arabia, first the coffee plant itself was cultivated, the beans are roasted, pulverized, and boiled for each brew. Few business deals are completed without a cup of coffee. Arabs consider a water chaser after a coffee break a breach of etiquette.

The name for coffee in almost every country of the world comes from the Arabian word "qahwah" - an honored title meaning "that which gives strength" - and its Turkish derivative, "kahveh."

The beverage once was so popular in Turkey that if a husband failed to keep his wife supplied with the brew, she had grounds for divorce. In its thousand-year history, coffee has blended with many whims. When the Italians first took to the drink, they seemed more concerned with clarity than flavor.

SUNDAY CARRIER WANTED
The News and Observer wants a Man or Woman to be our dealer for the Rural Routes out of Hertford. Must deliver on Sunday only. Route is 85 miles, total. Route now grossing over \$125.00 per month. If interested contact James O. Warren, Jr., Dist. sales Mgr., Robersonville, N.C.
