I, O.C. Abbott, want and am very interested in the position of district judge, because of my desire to serve the people and to promote, and where possible, improve the administration of justice.

I am willing to devote my time, energy and ability toward the improvement of our court system and toward the end that everyone can and will receive a speedy, fair and impartial trial.

I am interested in young people, the most precious commodity of our society. I believe that more time could be utilized on juvenile cases by proper scheduling. With the assistance of the District Court Counselor Services, alternatives could be considered and judgments rendered in the best interest and welfare of the child and family, with the view that the child will grow up to be a useful and productive member of our society.

I believe that civil terms of court could be scheduled so that the people could get their cases tried without unreasonable delay.

I believe in law and an orderly society. The district court is the court to which most people are exposed. Their impression of this court will determine their attitude toward all courts. I believe that I will be able to maintain the dignity of the court.

I believe that both sides of every case should be fully heard and a fair and impartial judgment rendered from the evidence presented and the law involved.

I sincerely appreciate the confidence and support given me by the voters of this district on May 7, 1974 for district judge, and although I received the highest number of votes for this position, a second primary has been called for, as provided by law, by one of my opponents.

I need and earnestly solicit your support and vote on June 4th, 1974. Vote O.C. Abbott.

PERDUE FARMS, INC.

MAKES AN OFFER YOU CAN'T REFUSE!!!

Open house on Saturday, May 25, 1974 between the hours of 10 A.M. and 4 P.M. Perdue would like for you to come to the Rich Square area to meet their newest broiler grower. Raleigh and Delores Lane cordially invite each and everyone of you to come by during this time to see their new house and the 16,000 baby chicks that will be one day old at that time. They'd like an opportunity to tell you why they decided to contract for broilers with Perdue and what type of an investment they had to make in order to get into the business. They're real excited about this new career they have embarked upon and want to share this excitement with you.

In addition to conversation with the Lanes, you will also be able to get statistics and other pertinent information about Perdue's program from trained specialists in this area: Rex Thompson, Gerald Jackson and Tommy Lowe. Either of these men will be glad to sit down with you and go over the full details of Perdue's plan for their eastern North Carolina operation. If proper financing can be arranged, Perdue feels that they can make you an offer for additional income that you just can't refuse. Perdue needs good contract growers, which is one of the main reasons they located in this area; because they happen to feel that the people in the surrounding counties are some of the very best there are anywhere.

DIRECTIONS TO THE HOUSE:

From Ahoskie, take the St. Johns road going towards Rich Square. After you pass the airport, go approximately 3½ miles, until you come to state road 1522, which will be the second paved road on the right after you pass the airport. Turn right and go approximately two (2) miles, until you come to the first white house on the left. The chicken house will be across from this house.

Phone Ahoskie 332-5246 or Roanoke Rapids 537-5029
